VOL. XXIV, NO. 191 GAINESVILLE, FLORIDA, THURSDAY, SEPTEMBER 19, 1907 TEN CENTS A WEEK

40 OF CREW KILLED

Fatal Explosion Occurs on a Japanese Battleship

TWELVE-INCH SHELL BURSTS

While at Target Practice Shell Explodes Within the Shield and Two-Score Men Were Killed—Many Bystanders Were Injured.

Tokio, Sept. 18.—Forty of the crew were killed and injured on board the Japanese battleship Kashima by the explosion of a 12-inch shell within the shield, after target practice near Kure at 4 p. m., on Sept. 9th.

The Kashima, under command of Captain Koiseumi, reached Kure at 6 o'clock p. m., where the wounded were placed in the hospital.

The fatalities included a lieutenant, two cadets and one staff officer, the rank and name of whom is not given.

The exact details regarding the effects of the explosion are lacking, but it was terrific and the ship is badly damaged.

The accident followed an attempt to remove an unexploded shell from the gun.

A majority of the bystanders were fearfully mutilated.

The casualties reported as the result of the explosion are as follows:

Killed—Five officers (names not given) and twenty-two men.

Severely wounded—Two officers and six men.

Slightly wounded—Two officers and six men.

The cause of the explosion is under investigation. It occurred inside of the shield of the starboard after ten-inch gun.

The hull of the Kashima is not damaged.

NEW TARIFF SHEET.

Passenger Association Will Soon Distribute Same to Public..

Atlanta, Sept. 18—There will be issued by the Southeastern Passenger association on Friday the new interline tariff sheet from the printer on Friday morning, Sept. 20.

They will be immediately distributed among the roads of the state, and by Sunday it will be possible to secure all sorts of through tickets all over the state without any great delay. In addition to this convenience there will be no cause for rechecking baggage, as is now the case, and traveling will be on the same comfortable basis as heretofore.

Notwithstanding the fact that passenger fares vary per mile, according to the roads used, from 2 cents flat through the fractions to 4 cents a mile, it will be a straight through purchase after Sunday, at the latest.

WILLIAM BRUCE EXPEDITION.

Feared Explorers Have Perished In An Attempt to Cross Bay.

Berlin, Sept. 18—A telegram from Advent bay, via Hammerfest, states that nothing has been heard from the William Bruce expedition, which left the base of supply almost one month ago with the intention of returning on Aug. 28.

Mr. Bruce, with whom was Captain Boogsen, former companion of the prince of Monaco, and Captain Johnson, former companion of Dr. Nansen, took provisions for two weeks only, and as no game can be found along the coast, it is feared that the three have perished in attempts to cross Prince Charles bay.

Their sleds have been found near the landing.

Heaviest on Record.

Berne, Sept. 18.—The list of summer victims of Alpine accidents is the heaviest ever recorded. Eighty persons were killed and 22 injured in 90 accidents this year, as against the present record of 76 fatalities in 1906 in 71 accidents. Thirty-eight of the 80 persons killed were guides, 31 were persons spending vacations in the Alpine Pass, and the remainder were native flower gatherers. The others were due to avalanches, snowstorms and lightning.

STANDARD OIL CASE.

Counsel Will Attempt to Prove Corporation Has Other Interests.

New York, Sept. 18—It is learned that when the taking of testimony begins here before ex-Judge Ferris, the special examiner in the government's suit to dissolve the Standard Oil company, Frank B. Kellogg, the government's chief counsel, will attempt at once to prove the ownership and control of other corporations by the Standard Oil company of New Jersey, the reputed holding company of the alleged trust. It is further understood that for this purpose he plans to make C. M. Pratt, a director of the Standard Oil company, his first witness. William G. Rockefeller is likely to be the second witness.

Mr. Kellogg says that statements ordered by federal subpoenas will be used to show that a large number of corporations are owned and dominated by the Standard Oil company of New Jersey. Even if other corporations are similarly involved, he will prove by direct testimony, he says.

Not all of the statements called for by the subpoenas have been received, but Mr. Kellogg expects them soon. Taking of testimony before ex-Judge Ferris in this city will take at least two weeks. About twenty-five witnesses have been subpoenaed and many more may be called.

KILLED BROTHER-IN-LAW.

Tragedy Occurs in Town of Monroe, Louisiana.

Monroe, La., Sept 18—C. W. Kennedy, a popular engineer on the Vicksburg, Shreveport and Pacific railway, was shot and killed by Tim Edwards, his brother-in-law, because Kennedy had announced that he would no longer support him in idleness.

Kennedy had just recovered from a broken leg, sustained in a wreck, and was standing in a doorway of a livery stable when Edwards, who had taken Kennedy's pistol from home, crept up behind him and shot him in the back.

Kennedy fled, and Edwards followed, firing as he ran, and when Kennedy fell he put two more shots in his prostrate body.

Edwards surrendered, but Kennedy, though fatally wounded, got up and telephoned for a doctor. He died two hours later.

To Celebrate Centennial.

Huntsville, Ala., Sept. 18.—Plans for the celebration of the hundredth anniversary of the establishment of the first Baptist church in Alabama were inaugurated by the Liberty Baptist church association at its seventieth annual session at New Hope, in Limestone county. The association will meet next year at Brownsboro, near the spot where the first Baptist church in Alabama was erected, 99 years ago. A committee was appointed to take in charge the celebration and secure data on the history and progress of the church in this state during the last hundred years and to incorporate the history in addresses to be delivered at the celebration.

Waylaid and Killed.

Pittsburg, Pa., Sept. 18.—At the town of Croweburg, a new mining camp in the northern part of this county, Sunday night two persons were killed and two fatally wounded, the result of a grudge held by two Italian miners of the district against a mine boss. Charles Gardner and his sister, Mrs. George Rexford, were waylaid on a lonely road while returning home, by a number of Italians and shot and fatally wounded. Gardner returned the fire and shot and killed two Italians, names unknown.

Umpire Put Out of Business.

St. Louis, Mo., Sept. 18—Umpire Billy Evans, the American league umpire, who was struck on the head with a soda-water bottle during the second game Sunday between the St. Louis and Detroit baseball teams, will be unable to participate in any game for the remainder of the season, his physician said.

Colonel J. M. Stubbs Dead.

Dublin, Ga., Sept. 18—J. M. Stubbs one of the oldest and most prominent members of the bar of South Georgia, died at his home in this place Monday morning from an attack of paralysis.

TRAIN TAKES PLUNGE

Many Persons Injured on Lehigh Valley Road.

NONE. HOWEVER. FATALLY

Running at High Speed Locomotive Jumped the Track and Plunged into Mountain Side—Engineer Received Serious Injuries.

Easton, Pa., Sept. 18.—A Lehigh Valley express train from Buffalo to New York, was wrecked Tuesday near Patterson tunnel, in New Jersey, 13 miles from this city.

A number of trainmen and passengers were injured, but none of the latter fatally.

The train was running at high speed when the engine jumped the track and plunged into the mountainside.

The engineer, Herbert Godley, of this city, was injured internally and the baggage master sustained a fractured arm. The passengers injured were riding in the smoking car. Most of them were in their berths, and while they were considerably shaken up, they were not badly hurt.

Godley is the engineer who was running the Black Diamond Express last winter when it left the track on the Delaware River bridge between this city and Phillipsburg, N. J., and narrowly escaped going into the river, 70 feet below.

EIGHTH ANNUAL MEETING.

American Electro-Therapeutic Association at Boston.

Boston, Mass., Sept. 18—The success being made in the application of electricity to the treatment of human ailments was the general topic of discussion among the four hundred physicians attending the eighth annual meeting of the American Electro-Therapeutic association, which began in this city Tuesday.

Important papers were read by many members who have gained particular success in the study and use of the electrical treatment during the three days of the convention.

The afternoon session was occupied with an inspection of the laboratory of the Harvard Medical school.

SCOTTISH RITE MASONS.

Ninety-Sixth Annual Meeting of the Supreme Council.

Boston, Sept. 18.—Scottish Rite Masons of the thirty-third degree, more than three hundred in number, were present at the opening session of the ninety-sixth annual meeting of the supreme council of the Scottish Rite of Northern Jurisdiction here on Tuesday. Grand Commander Henry L. Palmer, of Milwaukee, opened the three day's conference.

Among the important matters to be considered is the report of the delegates of the Northern Jurisdiction to the international congress at Brussels.

Fifty Masons, who have been elected to the thirty-third degree, were candidates for initiation at the evening session.

Special Election Held.

Chicago, Sept. 18.—A special election was held here Tuesday for the purpose of determining whether or not the new charter granted to the city of Chicago at the last session of the legislature should be adopted. For many years Chicago has labored under the disadvantage of an inadequate system of raising revenue, the present charter being adapted to the needs of a city of not over one-fourth the size of Chicago at present. The new charter provides for a change in the methods of taxation, doing away with a number of taxing bodies and concentrating the power of tax levies for city, park and library purposes in the city council.

Georgia Going Dry, Whisky High.

Cincinnati, Sept. 18.—The record price for whisky was reached here on Monday, when it rose 2 cents over the Saturday quotation, reaching $1.34, the highest known here.

LAUNCH GOES OVER DAM.

Fatal Accident to Pleasure Party—One Young Lady Loses Her Life.

Pittsburg, Pa., Sept. 18—A sixteen-foot motor launch went over the dam at Lock No. 1 in the Monongahela river and Miss Sarah Burns, of the town of Homestead, was drowned.

The young lady was but 17 years of age, and was considered the most beautiful girl in Homestead. She was the daughter of John Burns.

The motor launch "B. B.," owned by John Foxhall, of Homestead, carried three persons, besides the owner.

Miss Burns was special guest of Mr. Foxhall, while Jean Whittington, of Homestead, and his sister, Pearl were also guests. The boat came down the river to Pittsburg, and when it neared the dam Foxhall noticed that his oil cups were empty and he stopped to refill them. No one noticed the boat was being drawn over the dam.

The boat upset as it came over the dam, and Miss Burns came to the surface but twice. All the others were rescued by Life Guard Hummel.

SUFFERING AMONG ESKIMOS.

Failure of the Fisheries Is Said To Be the Cause.

Sept. 12, by mail steamer to St. Johns Battle Harbor, Labrador, Thursday, —Dr. Willifred Grenfel, the well known missionary, who for the past month has been cruising on the mission yacht Strathcona along the northern Labrador coast, reports much suffering among the Eskimo settlements of the district due to the failure of the fisheries during the season which ended this week.

The native fishermen, except in the north, were fairly successful, but the visiting fleet of several hundred vessels, most of them from New Foundland, had poor luck.

Among the vessels which visited the coast this summer was a German warship which supplied the Moravian missionaries.

Two Drown in River.

Philadelphia, Pa., Sept. 18.—Miss Ada Smith, aged 19 years, of this city, and George Denver, aged 23, of Westville, N. J., were drowned, and Mrs. Ray Springer and her two small children, of Billingsport, N. J., narrowly escaped drowning in the Delaware river off that place by the overturning of a small boat in which they were rowing. When in midstream the craft was struck by a swell and capsized. Mrs. Springer seized one of the children and clung to the overturned boat. The other child held onto its mother's dress and thus the trio kept above water. Denver's body has not been recovered. A rescuing party found the body of Miss Smith under the overturned boat.

Will Seek to Wipe Out Fine.

Chicago, Sept. 18.—The Tribune says that the Standard Oil attorneys will seek to wipe the $29,240,000 fine imposed by Judge Landis out of existence on a technicality. They will claim that had they known that immunity from prosecution had been promised the Alton railroad, they would have questioned the railroad witnesses differently on the theory that the testimony of railroad employees might have been largely influenced by the knowledge that their employers had been guaranteed immunity.

Priest on Trial for Murder.

Pittsburg, Pa., Sept. 18.—Attired in the regulation clerical garb, Ludwig Szczgiel, the Polish priest accused of killing Andrew and Stephen Starzyuski in their restaurant on the south side a little over a month ago, was Monday placed on trial in the criminal court here on the charge of murder. Szczygiel [illegible] pale and haggard when arraigned, but stood erect and with arms uplifted and eyes turned upward, pleaded "not guilty."

To Accept Certificates.

New York, Sept. 18.—Announcement was made Saturday that Secretary Cortelyou has authorized United States Assistant Treasurer Fish in this city to accept the temporary certificates issued by Comptroller Metz for the new 4½ per cent city bonds as security for government deposits in depository banks.

FATAL AUTO WRECK

Big Machine With Seven Persons Crashes Into Telegraph Pole.

FOUR WERE KILLED OUTRIGHT

Chaffeur Is Said To Have Lost Control of the Machine and It Raced Down Hill at a Terrific Clip—The Party Was Returning from Club.

Colorado Springs, Colo., Sept. 18—A powerful racing automobile, occupied by seven prominent Elks and a chauffeur and built to hold but three passengers, while running at a terrific rate, crashed into a telephone pole at the bottom of the West Huerfano street hill here early Tuesday morning and was wrecked.

Four of the occupants were killed outright and the others were more or less seriously hurt.

The bodies were mangled almost beyond recognition.

The dead:

W. H. Ralston, a dealer in electrical supplies.

H. Winnal.

John S. Grey, formerly of New York.

Britton L. Graves, druggist.

The injured:

James English, George Buckley, F. P. Ward, A. W. Markenscheffel.

The party had been to the Elks club house at Manitou to attend a social session, and were returning to their homes. The machine, a six-cylinder, 40-horse power, recently at Overland Park, ran over and killed C. F. Day.

The accident happened just after the automobile, with its merry, jesting passengers, crowded into the two seats, on the hood and on the steps, plunged at a terrific clip down a hill.

Markscheffel, who was driving, in some manner lost control of the wheel and the powerful machine, swerving from side to side, across the car tracks, ran into the gutter.

Suddenly the right front wheel hit some object and the machine, turning around, was thrown a distance of about 45 feet down the hill.

The car probably would have been whirled down the hill for a greater distance but for a telephone pole that barred the way, and it was this pole that probably caused the death of two and possibly three of the victims.

JUMPED FROM AUTO.

Uncontrollable Desire Seized Young Lady in Fast Moving Car.

Chicago, Sept. 18.—While speeding toward South Bend, Ind., where she was to enter St. Mary's school, Miss Constance Hyman, 17 years old, was Monday seized with an uncontrollable desire to jump from the automobile in which she was riding.

The young lady was brought back to her home Monday night and she will be kept to her bed for several weeks with a broken ankle.

"I can't say what made me jump," she said. "Everything was all right and we were going along at a high speed when I just opened the door and jumped out to the ground. I will never ride in an automobile again."

Odd Fellows in Convention.

St. Paul, Minn., Sept. 18.—The opening ceremonies of the sovereign grand lodge of the Independent Order of Odd Fellows was held in Central Presbyterian church Monday. F. A. Day, secretary to Governor Johnson, and Mayor Smith made brief addresses of welcome. These were responded to by George W. Scherer, grand master of the Minnesota lodge; D. S. Whitemore, grand patriarch, and Miss Rose Walting, president of the Rebekah assembly of Minnesota.

Order for a Big Battleship.

Devonport, England, Sept. 18.—The admiralty has instructed the dock yard authorities here to lay down immediately, a battleship of 20,000 tons, carrying eight 13.5-inch guns. The instructions are urgent that the work must be pushed with all possible haste. It is supposed that this battleship is the fifth Dreadnaught in the original naval program.

DEATH OF MR. NEWBAR.

After Suffering for Several Days, Succumbed to Typhoid Fever.

Mr. Newbar, a young white man about twenty-two years of age who has been employed as a guard at the naval stores camp of P. H. Baker, Campville, died in this city Wednesday afternoon from typhoid fever, after suffering several weeks.

Deceased contracted the fever while engaged at his duties, and Mr. Baker had him brought to this city, where proper attention could be given him. Notwithstanding that everything possible was done, the young man finally succumbed.

The remains were turned over to Undertaker McClellan, and as Mr. Baker is out of the city no arrangements have yet been made for the funeral.

Deceased came originally from Ohio, where it is learned his people reside.

BEST OF PROOF

That Hyomei Will Cure All Forms of Catarrhal Disease.

Testimonials could be printed by the thousands, many of them from Gainesville and nearby towns, that Hyomei is an absolute cure for all catarrhal troubles, but the best proof of its unusual curative powers is the guarantee that J. W. McCollum & Co. gives with every outfit that they sell, "Money back if Hyomei does not do all that is claimed for it."

Hyomei is not a secret remedy. Its formula is given freely to physicians who want to know what they use when they prescribe Hyomei. It is guaranteed under the Pure Food and Drug Law by serial No. 1418.

By breathing Hyomei, the healing medication goes directly to every nook and corner of the air passages where the catarrhal germs may lurk, and disinfects and heals. To be convinced of this you have only to give it a trial, remembering that if it does not cure, J. W. McCollum & Co. will refund your money.

The complete Hyomei outfit costs but $1.00, and in most cases is sufficient to cure the disease, making it not only a scientific treatment but one that is highly economical. Get an outfit today from J. W. McCollum & Co. if you have any catarrh.

Death of an Infant.

The infant son of Mr. and Mrs. William Goolsby died on Tuesday at the home of Mrs. Goolsby's brother, Jerry Shaw, in this city.

The interment was held at Antioch cemetery Wednesday.

Friends of Mr. and Mrs. Goolsby deeply sympathize with them in their bereavement.

CASE OF HARRY THAW.

Counsel for Defense May Demand an Immediate Trial.

New York, ... criminal ... opens ... Harry K. Thaw ... murder of ... Martin W. ... for ... date ... A ... demand, ... hearing of ... tion of ... first ... der with the ... state.

It is believed that in the end both sides will agree on a date in December for the trial.

MEXICAN DAY AT JAMESTOWN.

Was Celebrated with Great Pomp. Society Women Took Part.

Norfolk, Va., Sept. 18.—The first of the general celebrations at the Jamestown exposition was observed Monday when Mexico day was celebrated with great pomp.

Senor Jose T. ..., charge d'affaires of the Mexican ... at the city of Washington, and Lieutenant General Jose Manuel ..., of the Mexican army, president of the Jamestown commission, participated.

A notable feature of the celebration was an automobile parade with two ... young society women represent... in foreign costumes, as many nations. The Mexican colors appeared conspicuously with the Stars and Stripes.

DOCTORS PRESCRIBE SULPHUR.

But Sulphur Should Be Used in Liquid Form Only.

"Hancock's Liquid Sulphur is the most wonderful remedy for Eczema I have ever known," writes Dr. W. W. Leak of Orlando, Fla., who was cured of a case of years' standing.

Dr. W. A. Heard of Maitland, Fla., was cured of Eczema after he had suffered for thirty years, and says: "Hancock's Liquid Sulphur is the finest remedy for all Skin troubles he has ever used or prescribed."

Doctors everywhere prescribe it, but they say sulphur should be used in liquid form only, as it is in Hancock's Liquid Sulphur.

Druggists sell it. Booklet free, if you write Hancock Liquid Sulphur Co., Baltimore.

It cures all skin and scalp diseases, if used in connection with the wonderful Hancock's Liquid Sulphur Ointment.

Another Pound Wanted.

It seems to be the general desire of the people of the western section of the city for an additional pound for the impounding of cattle which have made the practice of running at large upon the streets in that section.

Marshal Arnow stated Wednesday that this pound was almost a necessity, if ne is required to keep the cattle up, as the present pen is entirely too far distant to permit of the driving of cattle from West Gainesville.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1.00. Sold by W. M Johnson.

Sea Island Cotton.

For Over Sixty Years

Mrs. Winslow's Soothing Syrup has been used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea.

Desperate Coughs

Dangerous coughs. Extremely perilous coughs. Coughs that rasp and tear the throat and lungs. Coughs that shake the whole body. You need a regular medicine, a doctor's medicine, for such a cough. Ask your doctor about Ayer's Cherry Pectoral for these severe cases.

We have no secrets! We publish the formulas of all our preparations.

J. C. Ayer Co., Lowell, Mass.

No Operation

Mrs. Malinda Akers, of Basham, Va,, writes: "I had what doctors call 'prolapse,' and couldn't stand straight. I had pain in my back and shoulders, and was very irregular and profuse. Doctors said an operation was needed, but I couldn't bear the thought of the knife. After taking three bottles of Wine of Cardui, I could walk around. Can now do my housework and am in splendid health."

Cardui is a pure, vegetable, medicinal essence, especially adapted to cure women's diseases. It relieves excessive periodical pains, regulates irregularities, and is a safe, pleasant and reliable remedy for all sick women. In successful use for over 70 years. Try it.

DAY OF ATONEMENT ENDED WEDNESDAY

Yom Kippur, Holiest of Hebrew Holy Days, Observed Here.

HEBREW STORES WERE CLOSED

The Members of the Jewish Race in Gainesville Observed Occasion by Ceasing Business, and With Fasting and Prayer During the Day.

Yom Kippur, the holiest of the Jewish holy days, began at sunset Tuesday, ending at the same hour Wednesday.

The day was observed here by fasting and prayer, all stores of the Hebrew race being closed

Yom Kippur's Legend.

Yom Kippur is the first of the holy days to follow Rosh Hashonah, or New Year's, and its significance may be appreciated from the following story of what it means to the devout.

According to the old beliefs, says one recognized authority on New Year's day, or Rosh Hashonah, the records of the old year were to be closed, and the heavenly scribes were to balance the books, close the records of the evil and the good done by the children of men during the year that had passed.

But God, being a merciful God and loving His people, grants ten days additional. During that interval, if men are truly repentant of their sins, turn again to their devotions, and pledge themselves anew for a better life during the year that is beginning, their sins are remembered no more.

Yom Kippur marks the final closing of the books of record, and hence it is that the day is of such a solemn and religious import to the people of the Jewish faith.

Walking to Tashlich.

Among the strictly orthodox Jews one of the observances of Yom Kippur consists of the rite called Walking to Tashlich.

On this day [illegible] congregations, [illegible] the banks of a river, and over its water. As they cross the stream they shake their garments, and the prayer is offered that they shall be rid of the "iniquitous dust of the past year."

This custom, according to the most authentic authorities, was probably originated by Nehemiah about 2,500 years ago. Among the strictly orthodox, especially in some of the old world countries, it is still religiously observed.

At the synagogue prayers are recited by the cantor and chanted by the choir, and the worshippers, while voicing their thanks for the blessings vouchsafed them, wear over their shoulders the silken garment known as the "tallith."

Day of Atonemen.

The Day of Atonement, the tenth of Tizri, is of ancient standing among the Jews.

On that day, under the old custom, the high priest, after having washed not only his hands and feet, as at common sacrifices, but his whole body also, dressed himself in plain linen, like the other priests, and, without wearing his purple robes, the ephod, or the pectoral, because he had his own sins to expiate also, he, in opening the solemn rites, first offered a bullock and a ram as a sacrifice for his own sins and those of the priests.

Afterward he received from the princes of the people two goats for a sin offering, and a ram for a burnt offering, to be offered in the name of the whole nation.

The Sacrifices.

It was decided by lot which of the two goats should be sacrificed and which set at liberty.

The blood of the bullock, and that of the goat upon which the lot fell, was sprinkled in the sanctuary, between the ark and the veil, and also upon the four horns of the altar.

The high priest now caused the goat, which had escaped by lot, to be brought to him, when putting his hands upon its head, he confessed his own sins and those of the people, and delivered the goat to a person who was directed to carry it to some desert place and let it loose, or throw it down some precipice.

Afterward the high priest resumed his purple robe, the ephod, and the pectoral, and sacrificed two rams for a burnt offering, one for his own sins and one for the sins of the people.

GAINESVILLE FURNITURE COMPANY

NEWS OF CITY AND COUNTY CONDENSED

E. L. Maddock of Palatka and C. B. Maddock of New York are in the city, the former having come on a most important mission, mention of which will be made in due time.

Mr. Walker, a well-known citizen of Graham, N. C., is in the city on business. Mr. Walker was a schoolmate of T. Curry Merchant at Davidson College, N. C., and had the pleasure of meeting members of Curry's family yesterday.

Mrs. Dr. J. C. Wills and children arrived in the city from Starke yesterday, and will make this their future home. Dr. Wills, whose office will be in the new Graham building, has rented the residence recently vacated by Mr. and Mrs. Stringfellow, 403 West Mechanic street, where they will be pleasantly located in a day or two.

Among the well-known young traveling men visiting Gainesville is Geo. R. Bell, representing John Wyeth & Bro., wholesale chemists, Philadelphia, who is here in the interest of his house. Mr. Bell is by no means a stranger to the Florida trade, and he has been quite successful. About the best joke on Mr. Bell is a "ducking" which he received in Tampa bay a few days ago, when he was out sailing with a few friends and the boat capsized. He was in the water for some time, with the result that he is now nursing a stubborn cold.

when it was presented at high prices, will take advantage of the popular prices that will prevail during this engagement.

Manager Willard claims to have the best company of players it has ever been his good fortune to manage, and in addition to the plays themselves he has several high-class, fashionable vaudeville acts, also the latest moving pictures and illustrated songs, and the greatest novelty of the age: Willard's Royal Lilliputians. Captain George Liable and Miss Annie Nelson, two of the smallest midgets on earth, who will appear at every performance, and after the matinee of "Buster Brown's Holiday" Saturday afternoon Baron Liable and Princess Littlefinger will hold a reception on the stage at which they will be pleased to meet all the ladies and children.

Tickets for this engagement are now on sale at Miller's. Nights, 25, 35, 50c; matinee, 25 and 35 cents.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1.25 three months, or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for each insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first insertion of advertisement, unless otherwise specified in contract. Parties not known to us will be required to pay for advertising in advance. Address,
THE DAILY SUN,
GAINESVILLE, FLA.

It is estimated that the cotton crop of 1907-8 will amount to 13,000,000 [illegible] bales of 500 pounds each.

This is the time of year to advertise. The Sun will be pleased to help you increase your trade in this way.

Large catches of fish are being made on the Atlantic and Gulf coasts of Florida, but a ready market at profitable prices is found for every pound.

Candidates for county offices are already announcing in some sections of the State. They evidently believe in the adage that "the early bird catches the worm."

The warm weather thus far in September leaves from the country editor the old-fashioned saying that "Fall begins the day after the hop of Summer." But not so in this instance.

The Democratic rights issue of today is whether the Federal government shall protect the constitutional right of each State to control railroads, trusts, or any other corporations that do business within its borders.

Editor Frank Harris of The Ocala Star says "citizens of dry counties ought to be prohibited from visiting wet ones." If we mistake not, the editor of the Florida press will shortly change his opinion in this particular.

Ex-United States Senator Burrows of Michigan has bought another farm. The Saline Union, and, of course, it will be stalwart Republican. Does the Republican voters listen to the warnings of their discredited leaders?

The Philippines may be a big issue in the next campaign," says The Washington Star, and the administration will welcome debate by Congress. The country will welcome a debate on any issue that does not trench on the financial peril.

The price of "short" cotton has declined five dollars per bale during the past two weeks—on paper. The farmers, however, have it in their power to obtain the price fixed for it by the Farmers' Union, fifteen cents per pound, and they should exact it.

The Cortelyou Literary Bureau has made its appearance in New York and Washington. Look out for Cortelyou. He has not yet explained why he and [illegible] took money from the insurance companies in 1904, nor why he puts so much public money in the banks without interest. He could raise a bigger fund for himself than he did for President Roosevelt.

Vice-President Fairbanks, in his recent speech at the Irrigation Congress in California, made very free use of [illegible] regarding "policies," "doctrines," and "confidence." It is manifest, however, that he intended his remarks to apply to Mr. Roosevelt, and his "policies" to Roosevelt himself, and to those who foolishly repose confidence in political charlatans. Yet he, as much as any other living partisan, is responsible for Rooseveltism and Rooseveltism.

JEFF BROWNE'S PLATFORM.

Mr. Jeff B. Browne of Key West, candidate for Governor, is in the city today en route to New York, said Saturday's Jacksonville Metropolis. He was button-holed by a Metropolis reporter on his candidacy and gave out the following brief statement regarding his platform, which will be read with interest:

"I intended to wait until the meeting in Ocala next month before expressing myself on the issues now before the people of Florida," said Mr. Browne, "but since I arrived on the mainland I have had so many inquiries about my position on some of the more important ones, that I shall briefly outline some of them now, and reserve for the Ocala meeting a fuller elaboration.

"I favor the passage of an amendment of the constitution prohibiting the sale of intoxicating liquors in the State of Florida.

"I also favor legislation along the following lines:

"Limiting the amount that candidates may spend at primary election, so as to make it possible for a poor man, or one who has no rich backers, to aspire to any office within the gift of the people.

"State uniformity of text books for use in the public schools.

"Foreign corporations to be barred from doing business in the State of Florida if they transfer to the Federal courts cases brought against them in the State courts.

"To require each railroad doing business in the State of Florida to have an accredited representative in this State, with full authority to settle and adjust claims and differences between them and the shippers, without the delay incident to referring these matters to the general offices in other States.

"I will also carry out the following policies, if elected Governor:

"All vacancies in county offices which may occur during my term to be filled upon the recommendation of the Democratic County Executive Committee, unless a primary is held in the county to fill the vacancy, and I will appoint whoever is selected at the primary.

"I shall not attempt to name my successor, nor will I use the office of Governor to advance my own or any one else's political ambition. I will be Governor of the entire people, and will administer the office in their interest, and not in the interest of any faction, corporation or interest. The administration of the office will be entirely free from all partisanship.

"I shall resist with all the power of the constitution and laws vested in the Governor the attempts of the Federal judiciary to interfere with the enforcement of our laws and the rules and regulations of the Railroad Commission.

"I shall execute all laws strictly and impartially and without regard to whom they help or hurt, and I will as humbly obey the letter and the spirit of the constitution and laws as I shall expect them to be observed by every citizen of Florida."

New York Democrats have proposed Lieut. Governor Chanler of that State as a candidate for the Democrats to nominate for President, and several Congressmen from other States take kindly to the suggestion. It may be said for Mr. Chanler that he led his ticket by several thousand votes at the election at which he was elected, and that indicates he has running qualities that entitle him to the serious consideration. As we view the matter the question Democrats have to consider is, who is the most available candidate? The times would seem to be propitious for the selection of a winner.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonals.

Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by all druggists, 75c.

Take Hall's Family Pills for constipation.

State Chemist R. E. Rose tells of the practical good a geological survey will be to this State in the following few lines: "The State has lost thousands of dollars by not having a geological survey. Land owners have sold land at ten dollars an acre possessing one hundred times the value in mineral deposits. Thus the native land owner has lost, while the foreign investor has profited. Under the law, it is the duty of the State geologist to convey to the land owner the knowledge of the value of his land if in the pursuit of his investigations he finds mineral deposits. It is his duty to ascertain the extent of these deposits, and it is directly violative of the law for him to part with this information to any speculator. Thus the value of the department to the people of the State can hardly be estimated in its final objects."

President Roosevelt is a great practical joker. He says, for instance: "It is idle to ask me not to prosecute criminals, rich or poor." If he had said "rich and poor alike," we should have understood him. But the "or" is an exclusive particle. He means by using this word that he will not prosecute both rich and poor criminals, but only one class of them. Which class will be prosecuted—the Haywoods or the Harrimans? He has given Harriman an immunity bath. But he is still striking at Haywood.

Dispatches from Oyster Bay report that Mr. Roosevelt is busy writing speeches. Great men never write speeches. Just think of St. Paul or Demosthenes writing an essay, and calling it a speech. But it is all right for Roosevelt to write something and submit it to Root or Bonaparte for revision. He has made so many blunders in his books and messages that he has learned caution. Evidently he has not forgotten the roast Claude Kitchin gave him in 1904.

Son-in-law Longworth announces that "President Roosevelt will not become a candidate for renomination unless the entire country demands it. He has firmly made up his mind to stick to this course." That should settle the third-term business, for it is quite certain that "the entire country" is not crying for Roosevelt, nor are a great many Republicans in love with a third term.

Simon Guggenheim, Senator-elect from Colorado, will have all he can do when Congress meets to tell about the advantage of the smelter trust, which the trust-busting experts are investigating. By scratching a good many Republican Senators' backs you will find the hidden brand of some trust, or combine, or railroad.

produces fine results in 30 days. It acts powerfully and quickly. Cures when others fail. Young men can regain their lost manhood and old men may recover their youthful vigor by using REVIVO. It quickly and quietly removes Nervousness, Lost Vitality, Seminal Weakness such as Lost Power, Failing Memory, Wasting Diseases, and effects of self-abuse or excess and indiscretion, which unfits one for study, business or marriage. It not only cures by starting at the seat of disease, but is a great nerve tonic and blood builder, bringing back the pink glow to pale cheeks and restoring the fire of youth. It wards off and prevents disease. Insist on having REVIVO and no other. It can be carried in vest pocket. By mail, $1.00 per package, or six for $5.00. S.S.S. A CERTAIN SA[illegible] TREATMENT

Even if mercury and potash could cure Contagious Blood Poison, the condition in which these strong minerals leave the system would make it "cure worse than the disease." But they cannot cure the vile disease, they can only cover up the symptoms for a [illegible] while, driving the disease deeper into the system, but as soon as the treatment is left off the [illegible] returns. Mercury and potash eat out the delicate lining of the stomach, bowels, producing chronic dyspepsia by driving [illegible] juices, causes the teeth to decay, and often completely breaks down the constitution, and when they are used in large quantities, the bones become affected, while the disease for which one has so long taken this dangerous treatment has not been cured. Contagious Blood Poison is a disease S.S.S. will not do to trifle with. It is a vile, dangerous and destructive [illegible] when the blood becomes infected with its virus the mouth and throat [illegible] hair and eyebrows come out, glands in the neck and groin swell, copper-colored spots appear on the flesh, and in severe cases [illegible] on the body, the finger nails drop off and the sufferer is discased from head to foot. S.S.S. is the only known antidote for Contagious Blood Poison—the one remedy that is able to get to the root of the disease and force out every particle of the poison so that there are never any signs of its return. It is purely vegetable, made entirely from roots, herbs and barks of known curative value. Instead of leaving bad after-effects as some medicines do, S.S.S. builds up every part of the system and puts every part of the body in perfect health. It will also remove any lingering effects of former mineral treatment, while eradicating the poison from the circulation. Special book on the treatment of this disease and any medical advice desired furnished free to those who write.

TERRIFIC SPEED OF AUTOMOBILE RACING

Sensations of Man Behind Wheel In Great Automobile Contest.

LABOR OF BRAIN AND MUSCLE

Driver Must Depend Entirely Upon His Five Senses—Must Leave Behind Him Every Thought of Danger, Adopting the Philosophy of Fatalist.

(Written Especially for The Sun by Bernard Lilienblum.)

Motor car racing is a strenuous business. It is not play for children, nor does it contain the elements of a pink tea. It is hard work, and requires labor of brain and muscle and tact and skill from start to finish. When a human being travels on a racing car at the rate of two miles, or even a mile a minute, in competition, depending entirely upon his five senses and a mute companion for guidance, staking his nerve and judgment, his experience or inexperience with the course, against a thousand chances of disaster or worse, he is presumably playing with death. Does he realize or remember it at the time? Never—if he wishes to win.

A number of persons have asked me questions about the sensations one experiences and the penalties one pays for racing—and is the game worth the candle. This is my reply:

Most of the drivers in the race are mere salaried employes of automobile manufacturers. If one of them wins he will receive a substantial money reward. This explains in part, but in small part only. What of the other competitors, Foxhall Keene Walter Christie, George Heath, men of large means, of habits of luxury; men who have everything which tends to make it worth while to stay alive? Is it simply the sportsman's love of victory and its glory? This and more. All of them are fascinated by the holding of immense power and speed within the hollow of the hand. Do they think of the danger of death while racing? Assuredly not, or they could not drive. Even the mechanic who sits beside the driver in the racing car may not think of the risk, or he could not ride there and play his part. The risk is so great that if the imagination is allowed to dally with it the fear will be paralyzing. Then there is the element, the fear, of sudden death. Naturally different persons have different ideas and degrees of fear when it comes to swift annihilation, but it would be courting destruction in the surest and unsafest way to permit oneself to ponder seriously about it.

Next, no man has any business to enter a racing car unless he can leave behind him absolutely every thought of danger. He should adopt the philosophy of the fatalist, and then attend exclusively to the game. Tires that run true at twenty miles an hour may and do burst at the pressure of sixty to seventy miles. Axles that are rigid at low speed, may and do snap like brittle glass when the race is on. Stones or surface impediments that merely jostle the driver in his car going at ordinary speed, make a somersaulting automobile when it is doing ninety miles an hour. Ruts that would only stop a machine going slowly, upset one going very rapidly. Brakes may fail of performing their duty, a cylinder may crack, or one of many accidents may happen in the best regulated machines with disastrous consequences—and to that extent the driver must unquestionably have and hold his life in his hand when mounting his car for a great race.

To the bystanders the passing of a car is like a sweep of a meteor; on comes the monster with the cylinder explosions like the reports of a piece of rapid fire artillery. Then, as the car comes abreast and sweeps past, these reports, though booming louder, are overborne by the tremendous swishing noise, caused by the rush with which the air was cleft by the car and by the gritting of its wheels on the ground. After the big machine has hurled by the majority of those at the stands gaspingly inquire of their neighbors, "Who was it?" It was simply a streaking something to them, although the car has a huge number painted in white on its front and sides.

After all, the answer to the question makes very little difference to most of them, as it makes little to them who win the race, aside from a desire to see the reward of victory go to the most skillful and most daring. This crowd is hungry to see how near a man may come to being killed and yet escape.

The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherrybark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

The "Golden Medical Discovery" makes rich, pure blood and so invigorates and regulates the stomach, liver and bowels, and, through them, the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing to apply to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty-four cents in postage stamps to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Found Dead in Bed.

Montgomery, Ala., Sept. 18—Judge Terry M. Richardson, of this city, was found dead in bed at the St. Charles Hotel in Luverne Monday, having been overcome by chloroform, which he had taken to allay a headache. Judge Richardson had gone to Luverne to appear as one of the attorneys in a murder case. The body was warm when found, and a physician who was summoned said Judge Richardson had been dead about an hour or two. The deceased was a prominent attorney and formerly served on the circuit bench of this state.

Gompers Will Ask Aid.

Washington, Sept. 18.—As a result of a recent conference President Gompers, of the American Federation of Labor, will issue an appeal for aid for the striking telegraph operators. Mr. Gompers said Monday that the document had been completed and will be given to the public. "It will be," he said, "a general request to organized labor for assistance both financial and moral, in accordance with the pledge made at the recent meeting of the executive council of the federation."

Sentence of Twenty Years.

Allentown, Pa., Sept. 18.—Twenty years in the penitentiary at Philadelphia was the sentence pronounced here Monday on Robert Partsell, who pleaded guilty to twenty-three charges of arson and theft. Partsell, with Daniel J. Adams, was arrested recently charged with setting on fire three business places in Allentown, causing a loss of $100,000.

Mayor Smith in Jamestown.

Macon, Ga., Sept. 18.—Mayoyr B. Smith is attending a meeting of the League of American Municipalities in Jamestown this week. During his absence Mayor Pro Tem. Leon S. Dure is holding down the affairs of the city. He will preside over the meeting of the city council. Mr. Dure makes an excellent official.

More Trouble at Odessa.

Odessa, Sept. 18.—Notwithstanding the proclamation of the new prefect of Odessa, General Novitsky, outrages in the streets here were resumed Monday on the occasion of the funeral of a police official. The black hundred fired revolvers recklessly all day, broke into Jewish houses, pillaged them and cruelly beat their occupants. Two Jews were killed and many were injured. Reports are reaching this city of raids, robberies and murders at other places.

Monument to Bay State Soldiers.

Winchester, Va., Sept. 18.—With interesting ceremonies and in the presence of half a hundred prominent citizens of Massachusetts, a monument commemorative of the Massachusetts soldiers who fell in the battle of the Shenandoah valley during the civil war was dedicated here Monday. The monument was erected under an appropriation of the Massachusetts legislature. The Massachusetts party present included Governor Guild.

Killed by an Automobile.

New York, Sept. 18.—Daniel Bacon, manager of the Marine Magnetic Control company, of this city, was struck by a sightseeing automobile at the corner of Thirty-first street and Park avenue as he was about to cross the street, and knocked senseless. He died subsequently at a hospital.

Brains of Corpse Stolen.

Savannah, Ga., Sept. 18—The body of Amanda Smith, an old negro woman, was buried here after her brains had been stolen. They were taken out of her head by some unknown parties as she lay in the reception room of a negro hospital awaiting burial. Who committed the act is not known.

Egyptian Cotton Crop.

Cairo, Sept. 18.—The cotton crop of Egypt, which exceeds seven million contars (a contar is a little over 99 pounds) shows a large increase over all records of the past decade. It is estimated to be worth $150,000,000.

MOTHER LED MOB.

Vowed to Wreak Vengeance on Men Who Killed Son.

New York, Sept. 18.—After Harry Breaker had been killed and Samuel Breaker, his brother, had been mortally wounded by Francesco Siocca, a young Italian, Monday night, two detectives had a desperate fight with a mob led by the young men's mother and bent on lynching the assailant of the two young men, and it was only after the detectives' clothes had been torn to shreds and their prisoner badly beaten, that the three were rescued by the police reserves.

The Breaker brothers were proprietors of a hardware store in "Little Italy." The police say Siocca, who is 18 years of age, and a bootblack, on Sunday purchased a revolver at the store. He returned and wanted his money back a short while afterwards, saying the revolver was not satisfactory. His demand was refused, and he opened fire.

Detectives rushed into the store and grappled with the Italian before he could fire the last shot in his pistol into the prostrate body of Samuel Breaker. The Italian fought fiercely. A great crowd gathered and made an attempt to take the prisoner from the detectives. At the head of the mob was the aged mother of the Breaker boys, who was armed with an ax, and who in her frenzy demanded that she be allowed to wreak vengeance on the slayer of her sons.

Raided Gambling Den.

Augusta, Ga., Sept. 18.—A gambling house on Broad street was raided Monday night by Sergeants Hatcher and Fielding and Private Stevens, of the Augusta police force. More than fifty negroes were caught seated around gambling tables. The three officers made the raid unexpectedly and had no re-enforcements at hand. The police say it was the largest crowd of gamblers they had ever seen gathered together in Augusta.

General Robert E. Lee

was the greatest general the world ever known. Ballard's Snow Liniment is the greatest Liniment. Quickly relieves all pains. It is within the reach of all. T. E. Pointer, Hemphill, Texas, writes: "This is to certify that Ballard's Snow Liniment has been used in my household for years and has been found to be an excellent Liniment for Rheumatic pains. We never without it." Sold by W. M. Johnson.

L. & N. NEW RATE LAW.

Comer Says Rebate Offered on Tickets Does Not Comply with Law.

Birmingham, Ala., Sept. 17.—The Louisville and Nashville railroad in seeking to comply with the new two and a half cent passenger rate laws in this state, has begun the sale of tickets within Alabama with coupons attached which entitle the passenger to a rebate of half a cent a mile in case the suit which the railroad has brought against the state railroad commission to prevent the enforcement of the new law is decided against it.

Governor Comer said that this does not meet the situation and will not be accepted by the state administration as compliance with the law.

Three weeks ago the governor announced that unless the Louisville & Nashville and other roads adopted the new rates as most of the roads in the state have done, he would call the legislature in extra session after October 1 to take steps in the premises.

It is supposed that the action of the Louisville and Nashville was taken to technically comply with the law. The price of its tickets continues at three cents.

MISSISSIPPI PROHI FIGHT.

Fifty-Six Baptist Associations Notify Saloon Towns Their Day Has Come.

Jackson, Miss., Sept. 17.—Those five or six Mississippi counties where the sale of whisky continues to be legalized might just as well make up their minds to surrender to the prohibition army, as death and taxes are little more certain than this state will declare for statutory prohibition when the legislature meets next January.

The fifty-six Baptist associations of the state are now being held, and some of them have already adopted resolutions calling the saloon towns by name and serving notice on them that their days are numbered. Vicksburg, Greenville, Natchez, Biloxi, Gulfport and Scranton are the principal offenders.

During the winter the Methodist conference and other religious bodies will meet and they will also memorialize the legislature to put a lock on what they denominate "those places of sin and human destruction."

She Found Relief.

If you are troubled with liver complaint and have not received help read this. Mrs. Mary E. Hammond, Moody, Texas: "I was in poor health—with liver trouble—for over a year. Doctors did me no good and I tried Herbine, and three bottles cured me. I can't say too much for Herbine, as it is a wonderful liver medicine. I always have it in the house. Publish where you wish." Sold by W. M. Johnson.

Cotton Breaks Many Points.

New York, Sept. 18.—A sensational decline in the price of cotton took place amid excited trading on the New York cotton exchange Monday afternoon. As a result the October option sold under 11 cents a pound for the first time since last June, when prices were advanced on a bad crop report. Declines in the trading late in the afternoon reached 52 to 55 points, or about $2.50 below the closing prices of Saturday night and $7.50 a bale below the high September.

If its a Reputation

You are after, White's Cream Vermifuge has a world wide reputation as the best of all worm destroyers, and for its tonic influence on weak and unthrifty children. It improves their digestion and assimilation of their food, strengthens their nervous system and restores them to health and vigor natural to a child. If you want a healthy, happy child get a bottle of White's Cream Vermifuge. Sold by W. M. Johnson.

Southern Railway Employee Killed.

Mobile, Ala., Sept. 18—R. J. Durant, an inspector for the Southern railway, was crushed to death late on Monday night under the wheels of a moving train while in the yards of the company in this city. His head was decapitated from the body and he was mangled about the body very badly.

NOTICE OF INCORPORATION.

Notice is hereby given that on the tenth day of October, A. D. 1907, we, the undersigned subscribing incorporators, intend to apply to the Governor of the State of Florida at Tallahassee, for Letters Patent incorporating THE GAINESVILLE BOTTLING WORKS, with and upon the following proposed charter and articles of incorporation.

J. B. BROOKS.
C. E. SCARBOROUGH.
M. N. BROOKS.

Articles of Incorporation of The Gainesville Bottling Works.

Article I—The name of this corporation shall be THE GAINESVILLE BOTTLING WORKS, and its principal place of business shall be in the City of Gainesville, in Alachua County, Florida.

Article II—The general nature of the business to be transacted by said corporation shall be to build, operate and own bottling works, and to manufacture and bottle soda water and all kinds of mineral waters; to buy, manufacture, sell or otherwise deal in soda water apparatus, and all kinds of soda fountain supplies and fixtures; to engage in the manufacture of metal and wood delivery and shipping cases of all kinds, and to deal in all other commodities and articles of trade and merchandise throughout the State of Florida, and all other States of the United States of America; and to travel its traveling men and mercantile agents throughout the United States for the sale of the product of the said corporation, and of all said commodities to the trade, and to establish branch works, manufacturies, houses and agencies in or throughout said States, as its board of directors shall from time to time decide upon; and to adopt all the means proper, expedient or necessary for the conduct of such business, and to have, exercise and enjoy all rights, powers and privileges of corporations, organized and existing under and by virtue of the laws of the State of Florida.

Article III—The amount of the capital stock authorized hereunder is Ten Thousand ($10,000) Dollars, to be divided into one hundred (100) shares of the value of one hundred ($100) dollars each to be paid in as follows: Fifty (50) per cent thereof in property, machinery, labor, etc., and the balance in cash property, machinery or labor as called for by the board of directors of said corporation.

Article IIII—The term for which said corporation shall exist shall be ninety-nine (99) years.

Article V—The business of said corporation is to be conducted by a president who shall also be the treasurer thereof, and by a secretary, who shall also be the auditor thereof; and by a board of three (3) directors, all of said officers to be elected on the fifteenth day of October, A. D. 1907, and thereafter on the first Monday in January of each succeeding year, and the names of the officers who are to conduct the business until those elected at the first election shall be qualified are J. B. Brooks, as president, acting also as treasurer; C. E. Scarborough, as secretary, acting also as auditor, and J. B. Brooks, C. E. Scarborough and M. N. Brooks, as the board of directors.

Article VI—The highest amount of indebtedness or liability to which this corporation can at any one time subject itself is Five Thousand ($5,000) Dollars.

Article VII—The name and residences of the subscribing incorporators, together with the number of shares of stock subscribed by each, are as follows:

J. B. Brooks, Gainesville, Florida, Seventy (70) shares.

C. E. Scarborough, Gainesville, Florida, Six (6) shares.

M. N. Brooks, Gainesville, Florida, Four (4) shares.

State of Florida.)
Alachua County.)

Before me personally appeared J. B. Brooks, C. E. Scarborough and M. N. Brooks, to me well known, and known to me to be the individuals described in and who subscribed and executed the foregoing articles of incorporation as incorporators, and severally acknowledged to and before me that they executed the same for the uses and purposes therein set forth and expressed.

In witness whereof, I have hereunto set my hand and affixed my official seal at Gainesville, Florida, this fifth day of September, A. D. 1907.

(Seal) FERDINAND BAYER,
Notary Public State of Florida at Large. My commission expires May 15th, A. D. 1911.

Keeping constantly at it is the key to successful advertising.

You cannot spurt much and win. A business career that goes by fits and starts will not pay so well in the long run as a business that follows a course mapped out for it and keeps increasing its advertising as the business demands it until the maximum is reached. There is a maximum for a small business beyond which it is not economy or policy to go.—Brookline Chronicle.

Our columns furnish the key to successful advertising in this community.

Who Pays For Your Printing?

Poor printing is a detriment to any buisness, and is an unprofitable investment. Poor printing is usually paid for twice—once when you settle with the printer, and again in the injury it does your business.

GOOD PRINTING PAYS FOR ITSELF!

In the added business it brings, in the complete satisfaction you feel in sending out neat, tasty stationery, and its first cost is soon on the credit side of the ledger. Good printing is remembered long after the price is forgotten.

WE DO GOOD PRINTING

Bring Your Work To THE SUN JOB OFFICE and Be Convinced

40 OF CREW KILLED

Fatal Explosion Occurs on a Japanese Battleship

TWELVE-INCH SHELL BURSTS

While at Target Practice Shell Explodes Within the Shield and Two-Score Men Were Killed—Many Bystanders Were Injured.

Tokio, Sept. 18.—Forty of the crew were killed and injured on board the Japanese battleship Kashima by the explosion of a 12-inch shell within the shield, after target practice near Kure at 4 p. m., on Sept. 9th.

The Kashima, under command of Captain Koiseumi, reached Kure at 6 o'clock p. m., where the wounded were placed in the hospital.

The fatalities included a lieutenant, two cadets and one staff officer, the rank and name of whom is not given.

The exact details regarding the effects of the explosion are lacking, but it was terrific and the ship is badly damaged.

The accident followed an attempt to remove an unexploded shell from the gun.

A majority of the bystanders were fearfully mutilated.

The casualties reported as the result of the explosion are as follows:

Killed—Five officers (names not given) and twenty-two men.

Severely wounded—Two officers and six men.

Slightly wounded—Two officers and six men.

The cause of the explosion is under investigation. It occurred inside of the shield of the starboard after ten-inch gun.

The hull of the Kashima is not damaged.

NEW TARIFF SHEET.

Passenger Association Will Soon Distribute Same to Public.

Atlanta, Sept. 18—There will be issued by the Southeastern Passenger association on Friday the new interline tariff sheet from the printer on Friday morning, Sept. 20.

They will be immediately distributed among the roads of the state, and by Sunday it will be possible to secure all sorts of through tickets all over the state without any great delay. In addition to this convenience there will be no cause for rechecking baggage, as is now the case, and traveling will be on the same comfortable basis as heretofore.

Notwithstanding the fact that passenger fares vary per mile, according to the roads used, from 2 cents flat through the fractions to 4 cents a mile, it will be a straight through purchase after Sunday, at the latest.

WILLIAM BRUCE EXPEDITION.

Feared Explorers Have Perished in An Attempt to Cross Bay.

Berlin, Sept. 18—A telegram from Advent bay, via Hammerfest, states that nothing has been heard from the William Bruce expedition, which left the base of supply almost one month ago with the intention of returning on Aug. 28.

Mr. Bruce, with whom was Captain Boagsen, former companion of the prince of Monaco, and Captain Johnson, former companion of Dr. Nansen, took provisions for two weeks only, and as no game can be found along the coast, it is feared that the three have perished in attempts to cross Prince Charles bay.

Their sleds have been found near the landing.

Heaviest on Record.

Berne, Sept. 18.—The list of summer victims of Alpine accidents is the heaviest ever recorded. Eighty persons were killed and 22 injured in 90 accidents this year, as against the present record of 76 fatalities in 1906 in 71 accidents. Thirty-eight of the 80 persons killed were guides, 31 were persons spending vacations in the Alpine Pass, and the remainder were native flower gatherers. The others were due to avalanches, snowstorms and lightning.

STANDARD OIL CASE.

Counsel Will Attempt to Prove Corporation Has Other Interests.

New York, Sept. 18.—It is learned that when the taking of testimony begins here before ex-Judge Ferris, the special examiner in the government's suit to dissolve the Standard Oil company, Frank B. Kellogg, the government's chief counsel, will attempt at once to prove the ownership and control of other corporations by the Standard Oil company of New Jersey, the reputed holding company of the alleged trust. It is further understood that for this purpose he plans to make C. M. Pratt, a director of the Standard Oil company, the first witness. William G. Rockefeller is likely to be the second witness.

Mr. Kellogg says that statements ordered by federal subpoenas will be used to show that a large number of corporations are owned and directed by the Standard Oil company of New Jersey. That other corporations are similarly involved, he will prove by direct testimony, he says.

Not all of the statements called for by the subpoenas have been received, but Mr. Kellogg expects them soon. Taking of testimony before ex-Judge Ferris in this city will take at least two weeks. About twenty-five witnesses have been subpoenaed and many more may be called.

KILLED BROTHER-IN-LAW.

Tragedy Occurs in Town of Monroe, Louisiana.

Monroe, La., Sept 18—C. W. Kennedy, a popular engineer on the Vicksburg, Shreveport and Pacific railway, was shot and killed by Tim Edwards, his brother-in-law, because Kennedy had announced that he would no longer support him in idleness.

Kennedy had just recovered from a broken leg, sustained in a wreck, and was standing in a doorway of a livery stable when Edwards, who had taken Kennedy's pistol from home, crept up behind him and shot him in the back.

Kennedy fled, and Edwards followed, firing as he ran, and when Kennedy fell he put two more shots in his prostrate body.

Edwards surrendered, but Kennedy, though fatally wounded, got up and telephoned for a doctor. He died two hours later.

To Celebrate Centennial.

Huntsville, Ala., Sept. 18.—Plans for the celebration of the hundredth anniversary of the establishment of the first Baptist church in Alabama were inaugurated by the Liberty Baptist church association at its seventieth annual session at New Hope, in Limestone county. The association will meet next year at Brownsboro, near the spot where the first Baptist church in Alabama was erected, 99 years ago. A committee was appointed to take in charge the celebration and secure data on the history and progress of the church in this state during the last hundred years and to incorporate the history in addresses to be delivered at the celebration.

Waylaid and Killed.

Pittsburg, Pa., Sept. 18.—At the town of Croweburg, a new mining camp in the northern part of this county, Sunday night two persons were killed and two fatally wounded, the result of a grudge held by two Italian miners of the district against a mine boss. Charles Gardner and his sister, Mrs. George Rexford, were waylaid on a lonely road while returning home, by a number of Italians and shot and fatally wounded. Gardner returned the fire and shot and killed two Italians, names unknown.

Umpire Put Out of Business.

St. Louis, Mr., Sept. 18.—Umpire Billy Evans, the American League umpire, who was struck on the head with a sodawater bottle during the second game Sunday between the St. Louis and Detroit baseball teams, will be unable to participate in any game for the remainder of the season, his physician said.

Colonel J. M. Stubbs Dead.

Dublin, Ga., Sept. 18—J. M. Stubbs one of the oldest and most prominent members of the bar of South Georgia, died at his home in this place Monday morning from an attack of paralysis.

TRAIN TAKES PLUNGE

Many Persons Injured on Lehigh Valley Road.

NONE, HOWEVER, FATALLY

Running at High Speed Locomotive Jumped the Track and Plunged into Mountain Side—Engineer Received Serious Injuries.

Easton, Pa., Sept. 18.—A Lehigh Valley express train from Buffalo to New York, was wrecked Tuesday near Patterson tunnel, in New Jersey, 13 miles from this city.

A number of trainmen and passengers were injured, but none of the latter fatally.

The train was running at high speed when the engine jumped the track and plunged into the mountainside.

The engineer, Herbert Godley, of this city, was injured internally and the baggage master sustained a fractured arm. The passengers injured were riding in the smoking car. Most of them were in their berths, and while they were considerably shaken up, they were not badly hurt.

Godley is the enineer who was running the Black Diamond Express last winter when it left the track on the Delaware River bridge between this city and Phillipsburg, N. J., and narrowly escaped going into the river, 70 feet below.

EIGHTH ANNUAL MEETING.

American Electro-Therapeutic Association at Boston.

Boston, Mass., Sept. 18—The success being made in the application of electricity to the treatmeat of human ailments was the general topic of discussion among the four hundred physicians attending the eighth annual meeting of the American Electro-Therapeutic association, which began in this city Tuesday.

Important papers were read by many members who have gained particular success in the study and use of the electrical treatment during the three days of the convention.

The afternoon session was occupied with an inspection of the laboratory of the Harvard Medical school.

SCOTTISH RITE MASONS.

Ninety-Sixth Annual Meeting of the Supreme Council.

Boston, Sept. 18.—Scottish Rite Masons of the thirty-third degree, more than three hundred in number, were present at the opening session of the ninety-sixth annual meeting of the supreme council of the Scottish Rite of Northern Jurisdiction here on Tuesday. Grand Commander Henry L. Palmer, of Milwaukee, opened the three day's conference.

Among the important matters to be considered is the report of the delegates of the Northern Jurisdiction to the international congress at Brussels.

Fifty Masons, who have been elected to the thirty-third degree, were candidates for initiation at the evening session.

Special Election Held.

Chicago, Sept. 18.—A special election was held here Tuesday for the purpose of determining whether or not the new charter granted to the city of Chicago at the last session of the legislature should be adopted. For many years Chicago has labored under the disadvantage of an inadequate system of raising revenue, the present charter being adapted to the needs of a city of not over one-fourth the size of Chicago at present. The new charter provides for a change in the methods of taxation, doing away with a number of taxing bodies and concentrating the power of tax levies for city, park and library purposes in the city council.

Georgia Going Dry, Whisky High.

Cincinnati, Sept. 18.—The record price for whisky was reached here on Monday, when it rose 2 cents over the Saturday quotation, reaching $1.24, the highest known here.

LAUNCH GOES OVER DAM.

Fatal Accident to Pleasure Party—One Young Lady Loses Her Life.

Pittsburg, Pa., Sept. 18—A sixteen-foot motor launch went over the dam at Lock No. 1 in the Monongahela river and Miss Sarah Burns, of the town of Homestead, was drowned.

The young lady was but 17 years of age, and was considered the most beautiful girl in Homestead. She was the daughter of John Burns.

The motor launch "B. B." owned by John Foxhall, of Homestead, carried three persons, besides the owner.

Miss Burns was special guest of Mr. Foxhall, while John Whittington, of Homestead, and his sister, Pearl were also guests. The boat came down the river to Pittsburg, and when it neared the dam Foxhall noticed that his oil cups were empty and he stopped to refill them. No one noticed the boat was being drawn over the dam.

The boat upset as it came over the dam, and Miss Burns came to the surface but twice. All the others were rescued by Life Guard Hummel.

SUFFERING AMONG ESKIMOS.

Failure of the Fisheries is Said To Be the Cause.

Sept. 12, by mail steamer to St. Johns Battle Harbor, Labrador, Thursday, —Dr. Willifred Grenfel, the well known missionary, who for the past month has been cruising on the mission yacht Strathcona along the northern Labrador coast, reports much suffering among the Eskimo settlements of the district due to the failure of the fisheries during the season which ended this week.

The native fishermen, except in the north, were fairly successful, but the visiting fleet of several hundred vessels, most of them from New Foundland, had poor luck.

Among the vessels which visited the coast this summer was a German warship which supplied the Moravian missionaries.

Two Drown in River.

Philadelphia, Pa., Sept. 18.—Miss Ada Smith, aged 19 years, of this city, and George Deaver, aged 23, of Westville, N. J., were drowned, and Mrs. Ray Springer and her two small children, of Billingsport, N. J., narrowly escaped drowning in the Delaware river off that place by the overturning of a small boat in which they were rowing. When in midstream the craft was struck by a swell and capsized. Mrs. Springer seized one of the children and clung to the overturned boat. The other child held onto its mother's dress and thus the trio kept above water. Deaver's body has not been recovered. A rescuing party found the body of Miss Smith under the overturned boat.

Will Seek to Wipe Out Fine.

Chicago, Sept. 18.—The Tribune says that the Standard Oil attorneys will seek to wipe the $29,240,000 fine imposed by Judge Landis out of existence on a technicality. They will claim that had they known that immunity from prosecution had been promised the Alton railroad, they would have questioned the railroad witnesses differently on the theory that the testimony of railroad employees might have been largely influened by the knowledge that their employers had been guaranteed immunity.

Priest on Trial for Murder.

Pittsburg, Pa., Sept. 18.—Attired in the regulation clerical garb, Ludwig Szczgiel, the Polish priest accused of killing Andrew and Stephen Starzynski in their restaurant on the south side a little over a month ago, was Monday placed on trial in the criminal court here on the charge of murder. Szczygiel looked pale and haggard when arraigned, but stood erect and with arms uplifted and eyes turned upward, pleaded "not guilty."

To Accept Certificates.

New York, Sept. 18.—Announcement was made Saturday that Secretary Cortelyou has authorized United States Assistant Treasurer Fish in this city to accept the temporary certificates issued by Comptroller Metz for the new 4½ per cent city bonds as security for government deposits in depository banks.

FATAL AUTO WRECK

Big Machine With Seven Persons Crashes Into Telegraph Pole.

FOUR WERE KILLED OUTRIGHT

Chauffeur is Said To Have Lost Control of the Machine and It Rushed Down Hill at a Terrific Clip—The Party Was Returning from Club.

Colorado Springs, Colo., Sept. 18—A powerful racing automobile, occupied by seven prominent Elks and a chauffeur and built to hold but three passengers, while running at a terrific rate, crashed into a telephone pole at the bottom of the West Bijou street hill here early Tuesday morning and was wrecked.

Four of the occupants were killed outright and the others were more or less seriously hurt.

The bodies were mangled almost beyond recognition.

The dead:

W. H. Ralston, a dealer in electrical supplies.

H. Wimal.

John S. Grey, formerly of New York.

Britton L. Graves, druggist.

The injured:

James English, George Bentley, F. P. Ward, A. W. Marienschaffel.

The party had been to the club house at Manitou to attend a social session, and were returning to their homes. The machine, a 40-cylinder, 40-horse power, [illegible] Overland Park, ran over and killed C. F. Duzy.

The accident happened [illegible] automobile, with its seven passengers, crowded into the seats, on the hood and on the [illegible] plunged at a terrific clip down a hill.

Marienschaffel, who was driving, in some manner lost control of the wheel and the powerful machine, swerving from side to side, across car tracks, ran into the gutter.

Suddenly the right front wheel struck some object and the machine, turning around, was thrown a distance of about 45 feet down the hill.

The car probably would have been whirled down the hill for a greater distance but for a telephone pole that barred the way, and it was this pole that probably caused the death of two and possibly three of the victims.

JUMPED FROM AUTO.

Uncontrollable Desire Seized Young Lady in Fast Moving Car.

Chicago, Sept. 18.—While speeding toward South Bend, Ind., where she was to enter St. Mary's school, Miss Constance Hyman, 17 years old, on Monday seized with an uncontrollable desire to jump from the automobile in which she was riding.

The young lady was brought back to her home Monday night and she will be kept to her bed for several weeks with a broken ankle.

"I can't say what made me jump," she said. "Everything was all right and we were going along at a fine speed when I just opened the door and jumped out to the ground. I will never ride in an automobile again."

Odd Fellows in Convention.

St. Paul, Minn., Sept. 18—The opening ceremonies of the annual grand lodge of the Independent Order of Odd Fellows were held in the Presbyterian church Monday. C. F. Day, secretary to Governor [illegible] and Mayor Smith made brief addresses of welcome. Those were responded to by George W. Grimes, grand master of the Minnesota lodge; R. L. Whitemore, grand patriarch, and Miss Rose Whiting, president of the Rebekah assembly of Minnesota.

Order for a Big Battleship.

Devonport, England, Sept. 18—The admiralty has instructed the dockyard authorities here to lay down immediately, a battleship of 23,000 tons, carrying eight 13.5-inch guns. The instructions are urgent that the work must be pushed with all possible haste. It is supposed that the battleship is the fifth Dreadnought for the national naval program.

PUBLIC SCHOOL TO OPEN MONDAY WEEK

After A Long Vacation Children Will Resume Their Studies.

SCHOOL PROSPECTS ARE FINE

The Faculty is the Best Which Could Be Secured, and New Features Are Added to the School This Year. Prof. McBeath is Very Active.

In a few days the "school boy with his shining morning face" will again be a familiar figure on the streets leading to the public school building, as the Gainesville Graded and High School will open for business on Monday, September 30.

Principal McBeath, with the janitress and force of hands, is busily engaged in putting the building and furniture in shape for the beginning of the new session. The fitting up of an additional room for the High School this year, brings all the rooms of the building into use, and necessitates a rearrangement of the desks in several rooms. The blackboards are receiving a new coat of slating and the floors, wainscoating, etc., in all the rooms and halls are being thoroughly cleaned and brightened up.

A New Departure.

In order to provide for such pupils as do not wish to study Latin, the high school will carry two courses, as prescribed by the new course of study prepared by the committee of high-school principals at Tallahassee last spring, a classic and an English Scientific course. This new course differs from the other, in that botany, physical geography, physiology and United States history are substituted for Latin. The effect of putting in this new course will doubtless be that very many more boys will remain to complete the high school work than when everybody was required to take Latin.

The Faculty.

The teachers for the coming session are as follows: First grade, Miss [illegible] Sanches; second grade, Miss Florence Balls; third grade, Miss Julia Kennedy; fourth grade, Miss Ophia Kennedy; fifth grade, Miss [illegible] Brant; sixth grade, Miss Carver; seventh grade, Miss Annie DeCosta; eighth grade, Mrs. W. P. Coffey; high school, Miss Serena Shannon, Miss Gussie Miller, Miss Ellen Wallace and the principal, Prof. T. F. McBeath.

The people of Gainesville are proud of their public school, and have just cause to be. Last session was one of the most satisfactory and successful in the history of the school. Superintendent Holloway visited the school twice, and did not hesitate to declare to a Sun representative that it was by odds the best managed and disciplined public school he had visited in the entire State.

The high-school department prepares for entrance into our State University and our State College for Women, and parents having boys and girls to be prepared for these schools cannot do better than to come to Gainesville and place them in charge of Principal McBeath and his earnest and capable assistants. The moral atmosphere of the school is especially fine, and this, the best part of a boy's or girl's education, is in this school as carefully looked after as is their intellectual advancement.

For Over Sixty Years

Mrs. Winslow's Soothing Syrup has been used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea.

This Buggy $50.00 Our Price

Ayer's SARSAPARILLA. PILLS. CHERRY PECTORAL.

OPENING OF AN OLD SCHOOL.

Miss Tebeau's Boarding and Day School Opened Monday.

Monday was the opening of the thirty-fourth year of Miss Tebeau's school. It was a fine opening, as it should have been. There were sixty students in attendance the first day.

Miss Tebeau believes in beginning work at once, hence by noon she and her assistant, Miss Thomas, had every student classified and lessons assigned for Tuesday.

Miss Tebeau told a reporter of The Sun that the parents of at least one-third of the students who had enrolled were former students of her's, and of course she felt very much in love with the children of her former students.

The following-out-of-town pupils were enrolled:

Misses Minnie and Bessie Eddy, Orange Heights; Miss Kate Clyatt, daughter of Dr. O. S. Clyatt, Trenton; Miss Pournell, Ft. White; Miss Seigler of Waldo; Miss Margaret Platt, Stewart; Armel Dudley, Lakeland, and Leon Medlin of Meredith.

We bespeak for Miss Tebeau a prosperous year.

DR. ROGERS WELCOMED.

A Large Crowd Congregated at Baptist Church Sunday Morning.

A large congregation, irrespective of denomination, gathered at the First Baptist church Sunday morning to greet Rev. S. B. Rogers, the beloved pastor, who has been absent on sick leave for the past few months.

It is needless to relate here the serious physical misfortunes which have attended Dr. Rogers, for they are well known. However, he has overcome all this, and in a short time expects to be himself again.

The church was crowded a half hour before the time for service, and when the genial preacher arrived he was warmly greeted.

There was not a regular service, the morning being taken up by song and prayer, a talk by Dr. Rogers, who told his hearers how thankful he was to again be at home, and talks by members of the congregation. In all it was a great love feast and thanksgiving service, and an occasion which was thoroughly enjoyed.

Mr. Whitaker is Pleased.

C. C. Whitaker of Camden, S. C., who came here a few days ago on business connected with the Whitaker estate, has finished his duties here, but is reluctant about leaving. He is still in the city, and good naturedly declares that he has a great mind to send for his family and continue to reside here.

Mr. Whitaker is deeply impressed with the city, which he declares to be an ideal spot in every sense of the word. This is his first visit to Gainesville, but his parents resided here many years ago, accumulating considerable property a short distance west of the city.

If Its a Reputation

You are after, White's Cream Vermifuge has a world wide reputation as the best of all worm destroyers, and for its tonic influence on weak and unthrifty children. It improves their digestion and assimilation of their food, strengthens their nervous system and restores them to health and vigor natural to a child. If you want a healthy, happy child get a bottle of White's Cream Vermifuge. Sold by W. M. Johnson.

SCHOOL DAYS ARE NEAR.

Majority of County Schools Will Open on Monday, September 30.

The school days are about to return, and the average school boy and girl are "figuring" on their future troubles. After a long and restful vacation they will be required to again pick up their books and slates and march to school regularly five days out of every seven.

Superintendent Kelley states that the majority of the county schools will open on Monday, September 30. Several schools have already opened among them being the Alachua High School.

The personnel of teachers this year is very fine, and Superintendent Kelley expects some good results.

Cures Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package, and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

The Marriage Docket.

The marriage docket in the office of County Judge Mason has shown up very well for the past two or three days, the following licenses having been issued:

General Wilkinson and Minnie Dyess, William Taylor and Candacy Merrick, white; Phil Sams and Cora Hays, Norman Maultsby and Crecy Watt, colored.

In the case of Phil Sams and Cora Hays the genial Judge was called upon to perform the solemn ceremony, which he did with his usual grace.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1.00. Sold by W. M. Johnson.

Mr. Russell Dead.

From Tuesday's Daily Sun.

William Russell of Bronson, aged about seventy, and one of the most widely known and highly respected residents of Levy county, died at the home of his son, John Russell, in this city, at 6:30 o'clock Monday morning.

Deceased has been in this city for the past month, during which time he has been confined to his bed.

The remains were shipped to Bronson Monday night, where the funeral will be held today.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels, and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

LaCrosse Union Meeting.

Rev. F. M. Hartman of Paradise writes The Sun to the effect that the union meeting, which was to have been held with the LaCrosse church, has been postponed, and that the meeting will be held with Antioch church on September 27, 28 and 29.

This meeting will be largely attended, and a great success is anticipated. The public has a cordial invitation to attend.

Of Interest to Many.

Foley's Kidney Cure will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. No medicine can do more. J. W. McCollum & Co.

We handle all the leading brands of Rye and Bourbon Whiskies in the market and will save you from 25 to 50 per cent on your purchases. Send for list and catalogue. Free upon application.

THE ALTMAYER & FLATAU LIQUOR COMPANY

MACON, GA.

DR. C. B. STROUSE IS EXONERATED

Judge Pritchard Gives His Would-Be Blackmailers A Black Eye.

JUST AS THE SUN PREDICTED

The Great Evangelist Shows Up His Would-Be Detractors in a Bad Light. Jealousy of the Doctor's Success the Whole Cause of the Litigation.

Considerable interest has been manifested on the part of the people of Gainesville in the legal fight in Hendersonville, N. C., on the part of certain persons to deprive Dr. Clarence B. Strouse of the benefits he was calculated to derive from a contract to conduct a Chautauqua in that city for a number of years, his opponents even resorting to an effort to defame his character in order to carry their point, but the writer has never doubted the final verdict in Dr. Strouse's favor, and has not heard a citizen of Gainesville express doubt as to the result.

It was therefore no surprise to the editor of The Sun or the people of Gainesville when Dr. J. F. McKinstry, sr., received a telegram from C. W. Chase on Tuesday to the effect that Judge Pritchard, of the U. S. district court, at Asneville, N. C., had rendered a decision in Dr. Strouse's favor, even going out of his way to speak of the Doctor in a most flattering manner.

Had Dr. Strouse desired, he could have had the whole population of Gainesville appear in court at Asheville in his benalf, for the asking.

SOME FINE MAPS.

County School Board Adds New Features to Alachua County Schools.

The Board of Public Instruction of Alachua county, always awake to the best interests of the schools of the county, have adopted a new system of maps here which is bound to prove popular and of great benefit to the students of the various schools of the county where they are used.

Several months ago Dr. J. L. Kelley, the ever-watchful superintendent of schools, noticed a new map of a skeleton nature, taking the place of a blackboard in geography, which he decided was about the best and most effective manner of teaching geography he had ever seen. He called the attention of this map to the board, who also readily realized its value, with the result that a dozen sets of three each were ordered.

These maps are heavily mounted on rubber cloth. The set comprises the map of Florida, skeletoned in counties, and also a map of the United States and North America, all of which are outlined in skeleton, and the pupil is required to name the various counties, States, etc., and mark them out by chalk on the board.

Prof. T. F. McBeath, principal of the Gainesville Graded and High School, and other prominent educators of the county, have seen the maps, and pronounce them the best thing of the kind ever introduced in the county.

Dr. Kelley only purchased a few at the beginning, but it is his intention to finally supply every school in the county.

The New Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

An Approaching Marriage.

Invitations are out to the marriage of William Bradley and Miss Marion Smith, the accomplished daughter of Mr. and Mrs. Lawrence Smith, which will occur at the home of the bride's parents, Waccahoota, on the 19th inst.

The contracting parties are both well known and popular in the section where they reside, and friends extend congratulations in advance.

RAMON'S NERVE & BONE OIL FOR CUTS, SORES, BURNS & RHEUMATISM 25¢

WOULD HAVE DIED BUT FOR CUTICURA

Five Children Suffered With Fearful Skin Troubles—One Little Girl's Eyesight Was Endangered—A Grateful Woman Writes of

FIVE PERFECT CURES BY CUTICURA REMEDIES

"Cuticura Remedies saved my two children. My little girl's face was so covered with sores that she could not see and I thought at one time that her eyesight was gone for good. After two doctors had failed to do her any good a friend asked me to try the Cuticura Remedies. I did so and in two or three days we could see a great change and in four weeks she was well and her face was smooth and had cured nicely. She had been sore for three months so that she could not rest night or day. My little boy was sore all over. His head was a solid scab. First we tried a doctor who did him no good, but the first time I bathed my son's head with Cuticura Soap and put Cuticura Ointment on it he rested better at night and the next morning his head was much better. In five weeks he was well. I cannot say enough for the Cuticura Remedies for if I had not used them my baby would have died. My little sister, Nora S——, had a terribly sore face. I told my mother of the Cuticura Remedies. She used them and the child's face soon got well after the best doctors had failed. Pearl B—— used Cuticura Soap, Ointment, and Pills for sores on her body and face, and little Pinkey S—— had a sore head. Her mother used Cuticura Soap and Ointment on it and she was soon well. Mrs. Mary Hicks, Sutherland, Dinwiddie Co., Va., Apr. 15, 1907."

ECZEMA ON FACE

Cured by the Cuticura Remedies

"I had eczema in very bad form all over my face for the past four months. Physicians in several towns prescribed for it without giving me any results, but four weeks ago I commenced using the Cuticura Remedies, consisting of one cake of Cuticura Soap, one bottle of Cuticura Resolvent, and two boxes of Cuticura Ointment and to-day I am perfectly well. Nettie Helgeson, Ridgeway, Iowa, Mar. 4, 1907."

Cuticura Soap (25c) to Cleanse the Skin, Cuticura Ointment (50c) to Heal the Skin, and Cuticura Resolvent (50c) (or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood, are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, Cuticura Book on Skin Diseases.

ACCIDENT AT HIGH SPRINGS.

Conductor Mizelle Met His Death by Being Crushed Between Cars.

High Springs, Sept. 16.—One of the saddest accidents that has ever occurred here happened Saturday afternoon at 4 o'clock, when Raymond Mizelle, yard conductor for the A. C. L., was caught between two cars and fatally crushed. He lingered until 11:20 Saturday night, when surrounded by many sorrowing relatives and friends, he passed away. He was conscious to the last, and while his suffering was intense, he was resigned to the will of the Lord, and begged his loved ones to meet him in heaven.

He leaves the following relatives: Two sisters, Mrs. R. J. Futch and Mrs. H. W. Donelly of High Springs, and six brothers, Lawrence Mizelle of Tampa, Bascom Mizelle of Thomasville, Pulu Mizelle of Ocala, Purvis Mizelle of Savannah, and Jesse and Powell Mizelle of High Springs.

He was buried Monday afternoon at Fort Call in Bradford county by the side of his father and mother, who have preceded him to that heavenly home beyond the skies.

He was a young man much liked by all who knew him, and his sad death has cast a gloom over the entire community. The sorrowing relatives have the heartfelt sympathy of everyone.

CHANGE OF VENUE GRANTED.

Lowmans Will Be Tried in Alachua for Murder of Dunlap Phinney.

Hon. Fred Cubberly of Cedar Key was in town Tuesday on business and while here received a telephone message stating that the defendants' application for change of venue in the case of the State vs. Lowman, charged with the murder of Dunlap Phinney, has been granted by Judge Wills and the case transferred to Alachua county. The application for a change of venue was refused at the special term of court in Levy county some weeks ago, but at the opening of the regular term last Monday the application was renewed and granted.

This case is well known of throughout Levy and Alachua counties, and it is probable that it will require several days to dispose of it.

There is not much business remaining to be transacted in Levy county at this term of court, and it is probable that an adjournment will be taken at the end of the week.

ORPHANAGE DAY.

Appeal for Aid from the Public for a Worthy Cause.

The first Saturday in October is always Orphanage Day, and soon the day will be here. The help received from the first Saturday in October, 1906, was very gratifying. And now we ask that everybody who is interested in the Orphanage at Arcadia will give us the earnings of one day, the first Saturday in October, 1907, for this work. Please do not forget or neglect it. We now have fifty-two children to feed, clothe, and educate.

Mr. W. H. Hooker, our legislator, has made it his business for years to see everybody in Arcadia and secure a contribution on the first Saturday in October, spending the whole day in the work. Last year he brought us three hundred dollars for the day. We ask that some man or lady in every town in Florida do similar work for the Orphanage. Please try to interest everyone, regardless of denomination, to put in his or her business the largest day's work they ever did, and send the gifts to me at Arcadia. The home is for poor white orphans of the State, "irrespective of religious creeds of nationality." Give your day's earnings, your estimated income, and make it a large, glad day for the poor.

We ask that Sunday schools and churches help in fully advertising the day, and that Sunday school superintendents and pastors interest their churches and schools, and do everything reasonable to get a contribution from everyone.

We will thank the editors of all our papers in the State if they will advertise the day, the first Saturday in October. We sincerely hope for large help.

Send amounts to B. M. BEAN, Supt.,
Arcadia, Fla.

Letter to Capt W. D. Dickinson, Gainesville, Florida.

Dear Sir: The easiest way we know of to make a little money is—if you're going to paint—to paint with the paint that takes least gallons.

Take a small job; say it takes 10 gallons Devoe, two coats; that's an average house. When the job is done and the bill comes in, it is $50; the paint, etc., $17.50; the rest is for labor and cartage; the labor is fixing the surface, shifting ladders, scaffolds, pulley and ropes, and brushing-on paint.

Take another job exactly like that; try another paint; it takes 12 gallons. The bill is $10 more. Take another exactly the same; another paint; it takes 20 gallons. The bill is $100.

There is only one Devoe; there's a dozen 12-gallon paints, and 100 that take 20 gallons to cover a 10-gallon job.

The only difficulty is finding out Devoe. After that you save work; there's less work in 10 than in 12 or 20 gallons; less paint to buy and less to brush-on and less wages to pay.

If Devoe were only a little better than others, there'd be some difficulty in finding out the difference. It goes twice as far as half the paints; that ought to be easy.

It wears longer too. You'll wait a good while, if you wait to find out how long it wears; there are thousands of people who know that the least-gallons paint wears longest.

Yours truly,
F. W. DEVOE & CO.

36

P. S.: The S. J. Thomas Co. sell our paint.

T. L. HODGSON
Practical STUMP PULLER
Williston, Florida.

Public highways and farms cleared of stumps on short notice at reasonable prices. MACHINERY FOR SALE. Correspondence solicited.

MEN ADMIRE

MISS EMMA RUNTZLER

a pretty face, a good figure, but sooner or later learn that the healthy, happy, contented woman is most of all to be admired.

Women troubled with fainting spells, irregularities, nervous irritability, backache, the "blues," and those dreadful dragging sensations, cannot hope to be happy or popular, and advancement in other home, business or social life is impossible.

The cause of these troubles, however, yields quickly to Lydia E. Pinkham's Vegetable Compound made from native roots and herbs. It acts at once upon the organ afflicted and the nerve centers, dispelling effectually all those distressing symptoms. No other medicine in the country has received such unqualified indorsement or has such a record of cures of female ills as has

Lydia E. Pinkham's Vegetable Compound

Miss Emma Runtzler, of 631 State St., Schenectady, N. Y., writes: "For a long time I was troubled with a weakness which seemed to drain all my strength away. I had dull headache, was nervous, irritable, and all worn out. Chancing to read one of your advertisements of a case similar to mine cured by Lydia E. Pinkham's Vegetable Compound, I decided to try it and I cannot express my gratitude for the benefit received. I am entirely well and feel like a new person."

Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all forms of Female Complaints, Weak Back, Falling and Displacements, Inflammation and Ulceration, and is invaluable in preparing for childbirth and the Change of Life.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

It is estimated that the cotton crop of 1907-8 will amount to 13,000,000 round bales of 500 pounds each.

Mayor Blanton of Perry has vetoed the ordinance establishing a dispensary in that town. The mayor is to be congratulated upon his death blow to the proposed system.

Both the Ocala papers advocate the prohibition side in the coming election in that county. They charge so much per line, however, for contributed articles on either side of the question.

Hon. Jeff Browne, candidate for Governor, has declared for State prohibition. He also favors annulling the charter of any foreign corporation that transfers a suit from the State to the Federal courts.

A bottle is now in use which keeps coffee, tea or soup hot for at least 24 hours, or ice water at an even temperature the same length of time. It is a great invention and will prove popular with hunters and fishermen.

The prohibition fight waxes warm in Escambia county, and it is announced that Senator John Beard will return from his summer outing in North Carolina in time to make a few speeches for the "dry side" before the campaign closes.

The traveling public speak in the highest praise of Gainesville's new hotel, the White House, which has already gained a State-wide reputation. It is a pleasure to a Gainesville man to sit in a passenger train and listen to the words of praise that traveling men have for this popular hostelry.

It is reported there are now only 31,723 persons in jail in the United States, but when the Republican United States Senators and Congressmen and others indicted for land and other frauds and the Republican Pennsylvania grafters have been tried, the number should be largely increased.

Governor Broward declined to appoint Editor Stoneman as judge of the Dade county criminal court of record, on the ground of ineligibility, and gave the office to Col. Metcalf, who was defeated in the first primary. Mr. Stoneman and his friends are naturally "sore" at the action of the Governor.

The opponents of municipal ownership of public utilities, such as waterworks, lighting plants and street railways, not satisfied with the result of their investment in certain newspaper properties, are now offering plate matter free to such papers as will accept this class of literature written by paid hirelings in opposition to the public interest.

The commissioners of Marion county have appropriated five hundred dollars to aid in the erection of a monument to the Confederate dead of that county. They have also given the J. J. Dickison Chapter, U. D. C., permission to erect the monument in any part of the court house yard they desire. In this connection the Marion county commissioners are much more liberal than some others.

IMPERIALISM RUN WILD.

The term of Senator Fulton of Oregon will expire March 3, 1909, and he is now canvassing the State as a candidate for re-election, it being the custom in Oregon for the voters to instruct members of the Legislature how they shall vote on the election of United States Senators by expressing their will at the polls. Senator Fulton made a speech recently at Corvallis, in which he advocated the election of Senators by the people, a proposition generally favored by Democrats and opposed by Republicans; but he went a good deal farther and linked this proposition with two others which are entirely undemocratic and subversive of our whole system of government. In fact, he went as far as Roosevelt or Root ever went in the direction of destroying State and local rights; and put the propositions of those ultra imperialists into plain language. "I am firmly convinced," he said, "that instead of delegating certain specified powers to the general government, all power should be vested in it, and that the States should exercise only such powers as Congress may from time to time endow them with, or, at the utmost, their powers should be limited and confined to subjects necessary to local self-government, and all other powers be vested in the general government." This doctrine is simply monostrous and treasonable. It would destroy the equality of the States in the Senate and reduce the smaller States to mere vallalage. It is a reversal of the theory of a Federal Government, and is the very quintessence and deadly virus of imperialsm. It is, indeed, imperialism run wild. For, as it is now, the States alone have original powers, and the United States Government has only delegated powers, and can exercise no power not plainly delegated. How could a government having delegated powers only, delegate such powers back to their original possessor without leaving itself devoid of all powers? In effect, Senator Fulton's idea is for the government of the Union to make a quitclaim deed of all its powers, and then secure a new deed giving it all powers, and making it like the old kings of England, the "fountain of honor," and the only source of power, having local government to depend solely on its favor. Again the Senator says: "The power to regulate commerce of every character, State and interstate, should be vested solely in the Federal Government. I have prepared and shall offer at the coming session a proposed amendment to the Federal constitution granting to the general government that power." This is dangerous and futile doctrine.

The Federal Congress at Washington is far less responsive to the popular will than the State Legislature, many of which are watched as carefully by the electors as are the local municipal councils. Most grievances are more or less local, and when they must be carried to Congress they can with safety be perpetuated by the votes of members from districts in no way interested. The railway interests, on the other hand, are concentrated and thoroughly organized, and can bring their political powers to bear more effectually at Washington than at the State capitals. As a governmental establishment becomes farther removed from and above the popular source of its authority the stronger is its tendency to sacrifice the public interest. What the people need is local self-government in all matters involving purely domestic affairs.

State Chemist R. E. Rose tells of the practical good a geological survey will be to this State in the following few lines: "The State has lost thousands of dollars by not having a geological survey. Land owners have sold land at ten dollars an acre possessing one hundred times the value in mineral deposits. Thus the native land owner has lost, while the foreign investor has profited. Under the law, it is the duty of the State geologist to convey to the land owner the knowledge of the value of his land if in the pursuit of his investigations he finds mineral deposits. It is his duty to ascertain the extent of these deposits, and it is directly violative of the law for him to part with this information to any speculator. Thus the value of the department to the people of the State can hardly be estimated in its final objects."

This is the time of year to advertise. The Sun will be pleased to help you increase your trade in this way.

JEFF BROWNE'S PLATFORM.

Mr. Jeff B. Browne of Key West, candidate for Governor, is in the city today en route to New York, said Saturday's Jacksonville Metropolis. He was button-holed by a Metropolis reporter on his candidacy and gave out the following brief statement regarding his platform, which will be read with interest:

"I intended to wait until the meeting in Ocala next month before expressing myself on the issues now before the people of Florida," said Mr. Browne, "but since I arrived on the mainland I have had so many inquiries about my position on some of the more important ones, that I shall briefly outline some of them now, and reserve for the Ocala meeting a fuller elaboration.

"I favor the passage of an amendment of the constitution prohibiting the sale of intoxicating liquors in the State of Florida.

"I also favor legislation along the following lines:

"Limiting the amount that candidates may spend at primary election, so as to make it possible for a poor man, or one who has no rich backers, to aspire to any office within the gift of the people.

"State uniformity of text books for use in the public schools.

"Foreign corporations to be barred from doing business in the State of Florida if they transfer to the Federal courts cases brought against them in the State courts.

"To require each railroad doing business in the State of Florida to have an accredited representative in this State, with full authority to settle and adjust claims and differences between them and the shippers, without the delay incident to referring these matters to the general offices in other States.

"I will also carry out the following policies, if elected Governor:

"All vacancies in county offices which may occur during my term to be filled upon the recommendation of the Democratic County Executive Committee, unless a primary is held in the county to fill the vacancy, and I will appoint whoever is selected at the primary.

"I shall not attempt to name my successor, nor will I use the office of Governor to advance my own or any one else's political ambition. I will be Governor of the entire people, and will administer the office in their interest, and not in the interest of any faction, corporation or interest. The administration of the office will be entirely free from all partisanship.

"I shall resist with all the power of the constitution and laws vested in the Governor the attempts of the Federal judiciary to interfere with the enforcement of our laws and the rules and regulations of the Railroad Commission.

"I shall execute all laws strictly and impartially and without regard to whom they help or hurt, and I will as humbly obey the letter and the spirit of the constitution and laws as I shall expect them to be observed by every citizen of Florida."

HANGING BY A THREAD.

The tendency of machine-made patriotism or enthusiasm to melt away like snow before the hot blast of the vanishing dollar, says The Atlanta Constitution, was never more vividly illustrated than in the rapid veering of American sentiment as regards our proprietory interest in the Philippine archipelago. The New York Herald has recently been feeling the Congressional pulse on this subject, and its investigations reveal the astounding fact that there are sufficient Republican representatives weary of our Far Eastern burden to out-vote the expansionist element, were they willing to make common cause with the Democrats.

And it seems just yesterday that the man who timidly ventured the suggestion that the Philippines were a senseless and costly incumbrance was branded with sufficient epithets to make him feel like exiling himself forever from the "land of the free and the home of the brave."

So far as The Herald's poll progressed only 27 out of 138 representatives of all parties approached favored the retention of the archipelago. More than half of the Republicans quoted favor an abandonment of the islands, and Speaker Cannon is reported to have expressed an anxiety to "get out tomorrow" if any "honorable way" suggested itself.

There can be no question that these members of the party of imperialism are speaking their true sentiments, free from the gag of political expediency and restraint. Otherwise, there is no explanation for the fact that Congressional measures, looking tentatively toward the loosening of our hold in the archipelago, receive so sparse a Republican support.

It is evident, therefore, that administration influences in conjunction with the habit of following established procedure, even if proved erroneous, is the slender thread by which the Philippine appendix hangs to the American Government.

How long these bonds will prove of efficacy, or what sudden transformation may be wrought by a change of the political complexion of the administration, supply material for interesting speculation.

Two, three, five years hence there may be a different rule in Manila.

For the frankly avowed sentiment of these Republican Representatives and Senators express more than their personal standpoints. They reflect National opinion which of recent years has become increasingly irresponsive to high-sounding appeals regarding "our duty to civilization," or the followings of "manifest destiny."

The luxury of overseas possessions has long ago hit the nation in one of its vital spots—its pocketbook. It has been all outgo, and no income, with the prospect all in favor of an indefinite continuation of this unprofitable business.

A country whose predominant characteristic is commonsense soon wearies of such a program, more especially as little progress seems to be making in the purely benevolent phases of the undertaking.

Sooner or later our colonial policy will experience a decided change. It may be abrupt or it may, with the laudable object of saving the National face, be inducted by gradual steps.

The point of importance is that it is inevitably scheduled.

NOT LEGALLY ADOPTED.

The report comes from Georgia that that State, in its litigation with the railroads growing out of the reduced passenger rates, will attack the validity of the Fourteenth Amendment to the Constitution, which the roads will invoke to protect them against what they call the confiscatory order of the commission. Let Hon. John S. Beard of Florida keep his eye on this case; the validity of an amendment next door to the famous Fifteenth is being attacked in the courts; he may get some valuable pointers.—Live Oak Democrat.

If the editor of The Democrat will read Senator Beard's speech in support of his joint resolution he will observe that the Senator paid his respects to the Fourteenth Amendment also, and clearly showed that the same had never been legally adopted. His position is clearly defined in his able argument which was printed in the Senate Journal of April 17th, 1907.

Editor Frank Harris of The Ocala Banner says "citizens of dry counties ought to be prohibited from visiting wet ones." If we mistake not, the Nestor of the Florida press will shortly change his opinion in this particular.

BEST OF PROOF

That Hyomei Will Cure All Forms of Catarrhal Diseases.

Testimonials could be printed by the thousands, many of them from Gainesville and nearby towns, that Hyomei is an absolute cure for all catarrhal troubles, but the best proof of its unusual curative powers is the guarantee that J. W. McCollum & Co. gives with every outfit that they sell. "Money back if Hyomei does not do all that is claimed for it."

Hyomei is not a secret remedy. Its formula is given freely to physicians who want to know what they use when they prescribe Hyomei. It is guaranteed under the Pure Food and Drug Law by serial No. 1418.

By breathing Hyomei, the healing medication goes directly to every nook and corner of the air passages where the catarrhal germs may lurk, and disinfects and heals. To be convinced of this you have only to give it a trial, remembering that if it does not cure, J. W. McCollum & Co. will refund your money.

The complete Hyomei outfit costs but $1.00, and in most cases is sufficient to cure the disease, making it not only a scientific treatment but one that is highly economical. Get an outfit today from J. W. McCollum & Co. if you have any catarrh.

A "Bilious Attack."

Symptoms. Sour stomach, nasty taste in mouth, sick headache, sallow complexion, the world your enemy.

Cause. Constipation, inactive liver, overflow of bile into the system.

Relief. Treatment for two nights before retiring with

RAMON'S LIVER PILLS AND TONIC PELLETS

One a night, don't worry, sleep well and Nature'll do the rest. Entire Treatment 25 Cts.

R. B. AYER.

The Live Oak Democrat says: "There is a noble dream of old Phares Bell, the Union veteran, to establish a great and beautiful home near Gainesville in this State for the veterans of both Union and Confederate armies. The old man is now getting his scheme elaborately written up in the Northern press, and it is indeed fair to look upon on paper, an Alachua county Utopia we would all delight to observe but are not very likely to. All honor, though, to the great-hearted old veteran who has conceived the plan and will probably work away at it with the ardor of the true enthusiast until he hears 'the soldier's last tattoo' and is called hence to the true Utopia."

Mr. and Mrs. Frank Harris announce the engagement of their daughter Sara Elizabeth, and Mr. Charles Harrison Lloyd, their marriage to occur at the Methodist church in this city on the evening of the sixth of November.—Ocala Banner. Miss Harris is the talented local editor of The Daily Banner and is one of Ocala's most popular young ladies. She is well known and beloved all over the State, and while everyone of us will deeply regret to see her relinquish her membership in the "press gang" we will wish her happiness as the wife of the man of her choice.

The price of "short" cotton has depreciated five dollars per bale during the past two weeks—on paper. The growers, however, have it in their power to obtain the price fixed for it by the Farmers' Union, fifteen cents per pound, and they should exact it.

The State rights issue of today is whether the Federal government shall usurp the constitutional right of each State to control railroads, trusts, or any other corporations that do business within its borders.

Great catches of fish are being made on the Atlantic and Gulf coasts of Florida, but a ready market at profitable prices is found for every pound of them.

TOMORROW

"I'll assure my life tomorrow"

That's good—but how do you know there is going to be any tomorrow for you?

It is the Policy in force TODAY that is going to protect the widows and orphans of tomorrow.

Sometime — between two days — your tomorrows will all pass into yesterdays.

Ninety-seven per cent of all death claims settled in the United States and Canada by

The EQUITABLE

during 1906 were settled within ONE DAY after proofs of death were received. Where claims are not paid immediately it is usually due to delay on the part of the beneficiary in submitting complete papers.

MAN'S STRANGE DISAPPEARANCE

Jacksonville Police Asked To Find Henry Hartley.

WAS EN ROUTE FROM CHICAGO

To Windsor, in Alachua County—His Two Companions Say They Lost Hartley Near Jacksonville—Suspicion of Foul Play Intimated in Letter.

The Jacksonville Metropolis of Tuesday last contains the following story which will interest Alachua county people:

"Has Henry Hartley been murdered, or is he a victim of foul play? These are the questions his friends and relatives are trying to get answered. They have asked Chief of Police Vinzant to do what he can to investigate the case, which the local police have been at work on for several days. Three letters have been received by Chief Vinzant about the case, and the following facts are taken from their contents:

"On the 30th of last month Henry Hartley, M. Mann and his grandson, Albert Peterson, left Chicago for Windsor, Fla., where Mann has a farm. Hartley was going there with him to spend the winter. Mann and Peterson arrived all right at their destination, but Hartley has not yet put in an appearance, and Mann and Peterson explained his absence by saying that they lost him near Jacksonville.

"A letter under date of September 5th has been received from Mrs. Minnie Mann of Windsor, wife of one of the men, who came South with Hartley, by Chief Vinzant. Mrs. Mann says she is greatly worried over Hartley's disappearance and that she fears something has happened. Their ticket read to Campville, Fla. Mrs. Mann says in her letter that Hartley seemed ill at times and lagged behind at several places. At Jacksonville, the writer says, they arrived some time between sundown and midnight. They got off the train about five miles from Jacksonville, and walked this distance and had to cross the river. Hartley carried his and Peterson's coat; finally, he caught up and lost both of them. Mann and Peterson told Hartley to keep up. When they got to the river crossing Hartley was nowhere to be seen and he has never been heard of since. Mrs. Mann says her husband and grandson came on to Campville and brought Hartley's valise with them.

"Another letter was received by Chief Vinzant from Mrs. Hartley written in Chicago on the 9th inst. Mrs. Hartley says her husband left for Campville, on the Seaboard Air Line, on August 30th, was missed a short distance from Jacksonville and has not been seen since, or heard from. She says her husband is an Englishman, 65 years of age, and a full description is furnished as to his size and appearance.

"A third letter is from Joseph White of Chicago. This letter tells of Hartley's departure from that city for Windsor with Mann and Peterson. White says it seems Hartley never reached Windsor. White says that Mann and Peterson say they lost Hartley at Jacksonville. He further says: 'We got a letter from Mrs. Mann saying Mann arrived all right and had old man Hartley's coat on and his grip.' He had about $70 with him, White says. The writer gives a description of Hartley and says he thinks the best thing to do is to see and question Peterson.

"The case is shrouded in mystery and Chief Vinzant will endeavor to do what he can for the relatives and friends of the missing man."

NEGRO MAN DROWNED.

While Bathing Near Wacahoota Ed Hall Met a Watery Grave.

Information has reached this city to the effect that Ed Hall, a well-known colored man of the Arredondo section, was drowned in Pearce's sink, about two miles from Wacahoota, Monday.

From what can be learned, it appears that Hall, with a number of companions, were bathing, when Hall reached a depth over his head, evidently being seized with cramps, and drowned before assistance could reach him.

The body was recovered, and the interment was held at Arredondo Tuesday.

DAY OF ATONEMENT ENDED WEDNESDAY

Yom Kippur, Holiest of Hebrew Holy Days, Observed Here.

HEBREW STORES WERE CLOSED

The Members of the Jewish Race in Gainesville Observed Occasion by Ceasing Business, and With Fasting and Prayer During the Day.

Yom Kippur, the holiest of the Jewish holy days, began at sunset Tuesday, ending at the same hour Wednesday.

The day was observed here by fasting and prayer, all stores of the Hebrew race being closed

Yom Kippur's Legend.

Yom Kippur is the first of the holy days to follow Rosh Hashonah, or New Year's, and its significance may be appreciated from the following story of what it means to the devout.

According to the old beliefs, says one recognized authority, on New Year's day, or Rosh Hashonah, the records of the old year were to be closed, and the heavenly scribes were to balance the books, close the records of the evil and the good done by the children of men during the year that had passed.

But God, being a merciful God and loving His people, grants ten days additional. During that interval, if men are truly repentant of their sins, turn again to their devotions, and pledge themselves anew for a better life during the year that is beginning, their sins are remembered no more.

Yom Kippur marks the final closing of the books of record, and hence it is that the day is of such a solemn and religious import to the people of the Jewish faith.

Walking to Tashlich.

Among the strictly orthodox Jews one of the observances of Yom Kippur consists of the rite called Walking to Tashlich.

On this day the devout, forming as congregations, march to the banks of a river, and over its water. As they cross the stream they shake their garments, and the prayer is offered that they shall be rid of the "iniquitous dust of the past year."

This custom, according to the most authentic authorities, was probably originated by Nehemiah about 2,500 years ago. Among the strictly orthodox, especially in some of the old world countries, it is still religiously observed.

At the synagogue prayers are recited by the cantor and chanted by the choir, and the worshippers, while voicing their thanks for the blessings vouchsafed them, wear over their shoulders the silken garment known as the "tallith."

Day of Atonement.

The Day of Atonement, the tenth of Tizri, is of ancient standing among the Jews.

On that day, under the old customs, the high priest, after having washed not only his hands and feet, as at common sacrifices, but his whole body also, dressed himself in plain linen, like the other priests, and, without wearing his purple robes, the ephod, or the pectoral, because he had his own sins to expiate also, he, in opening the solemn rites, first offered a bullock and a ram as a sacrifice for his own sins and those of the priests.

Afterward he received from the princes of the people two goats for a sin offering, and a ram for a burnt offering, to be offered in the name of the whole nation.

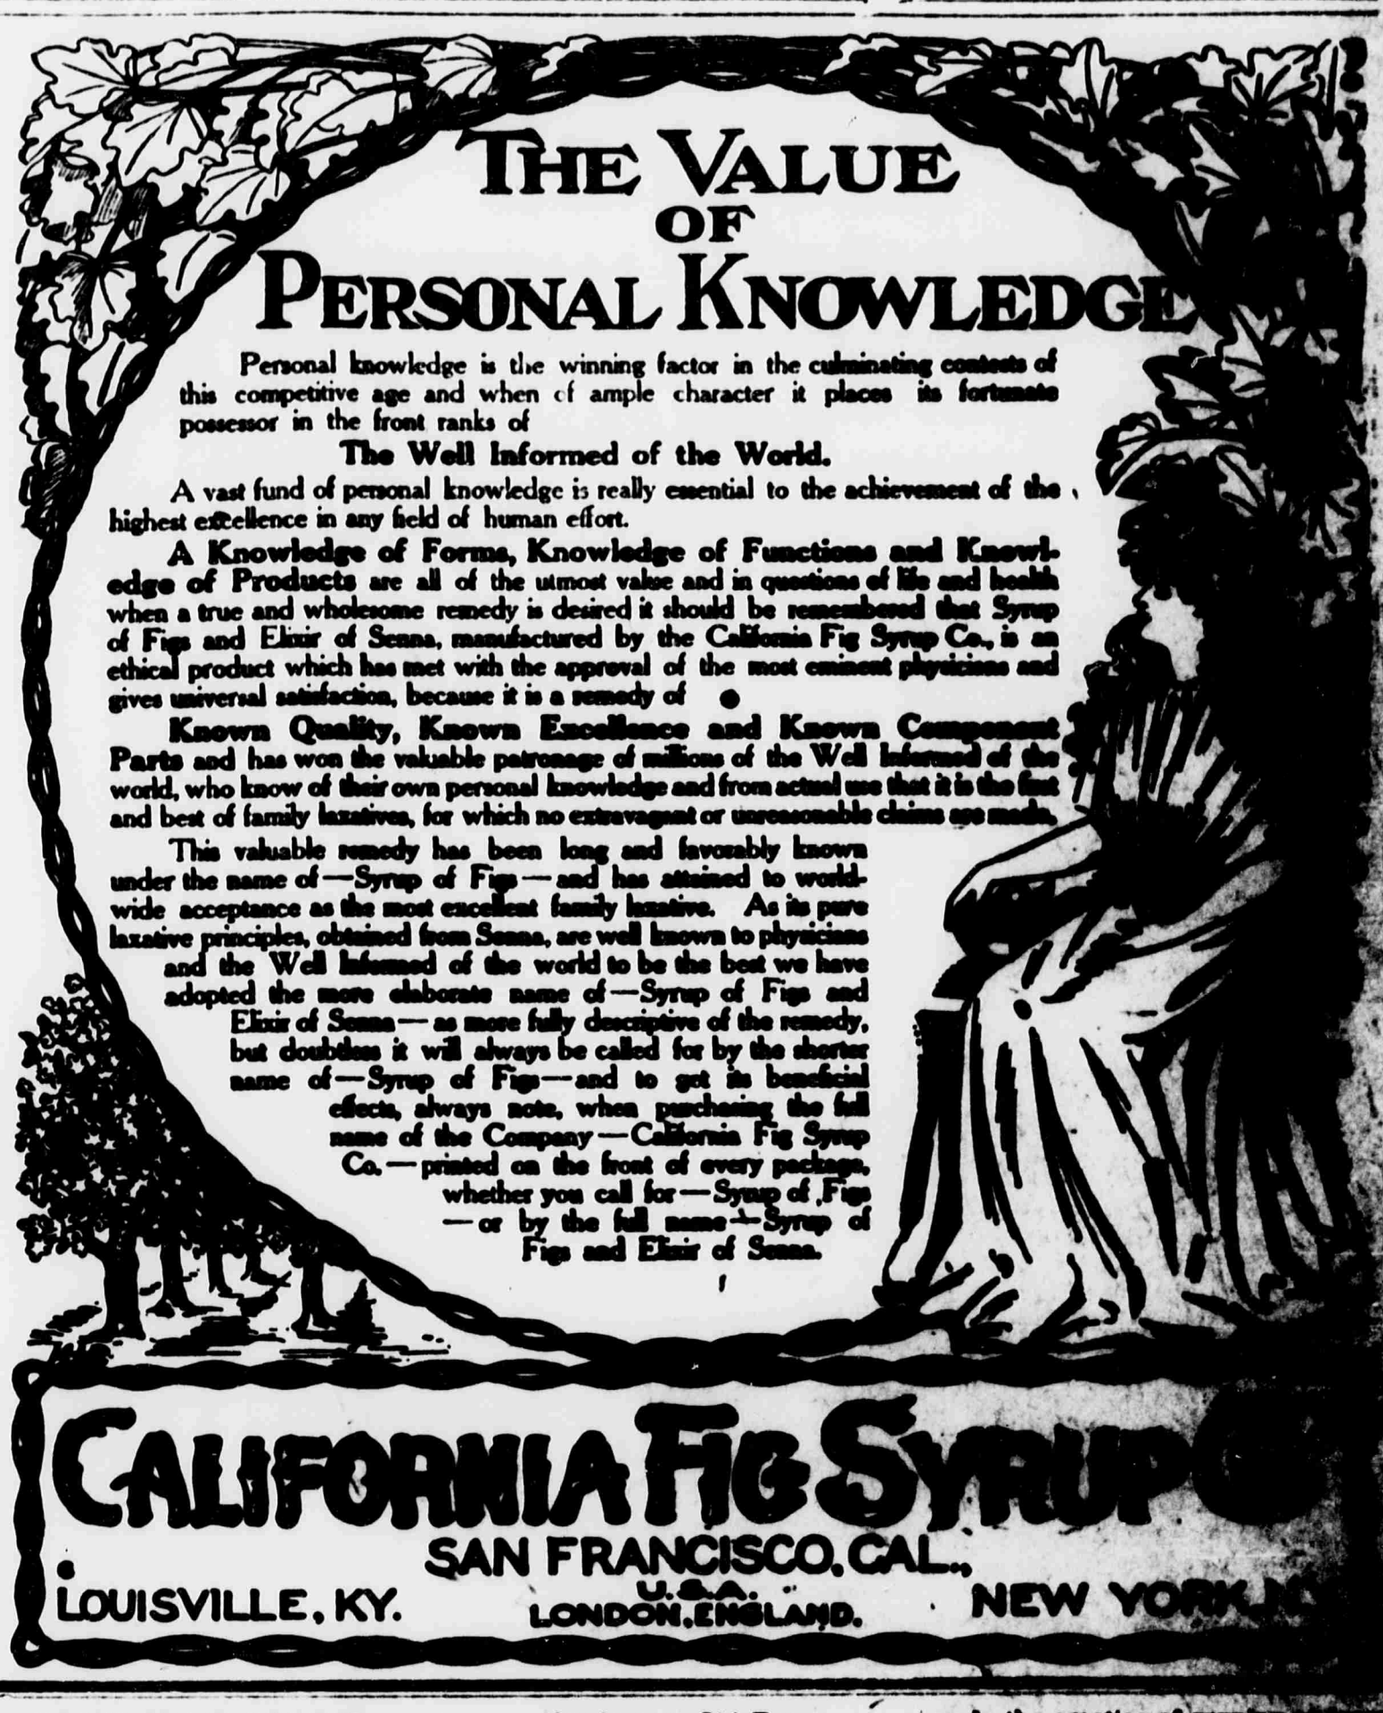
The Sacrifices.

It was decided by lot which of the two goats should be sacrificed and which set at liberty.

The blood of the bullock, and that of the goat upon which the lot fell, was sprinkled in the sanctuary, between the ark and the veil, and also upon the four horns of the altar.

The high priest now caused the goat, which had escaped by lot, to be brought to him, when putting his hands upon its head, he confessed his own sins and those of the people, and delivered the goat to a person who was directed to carry it to some desert place and let it loose, or throw it down some precipice.

Afterward the high priest resumed his purple robe, the ephod, and the pectoral, and sacrificed two rams for a burnt offering, one for his own sins and one for the sins of the people.



THE VALUE OF PERSONAL KNOWLEDGE
Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of
The Well Informed of the World.
A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.
A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of
Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.
This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.
CALIFORNIA FIG SYRUP CO.
SAN FRANCISCO, CAL.
LOUISVILLE, KY. U.S.A. LONDON, ENGLAND. NEW YORK, N.Y.

DEATH OF MR. NEWBAR.

After Suffering for Several Days, Succumbed to Typhoid Fever.

Mr. Newbar, a young white man about twenty-two years of age who has been employed as a guard at the naval stores camp of P. H. Baker, Campville, died in this city Wednesday afternoon from typhoid fever, after suffering several weeks.

Deceased contracted the fever while engaged at his duties, and Mr. Baker had him brought to this city, where proper attention could be given him. Notwithstanding that everything possible was done, the young man finally succumbed.

The remains were turned over to Undertaker McClellan, and as Mr. Baker is out of the city no arrangements have yet been made for the funeral.

Deceased came originally from Ohio, where it is learned his people reside.

Marriage at Old Town.

Rev. Thos. P. Hay, pastor of the First Presbyterian church of this city, returned yesterday from Old Town, where at 4 o'clock the same morning he united in matrimony Mr. Thos. Carl Wilson and Miss Joe-Allie McCarty, the ceremony being performed at the residence of the bride's mother. Mr. Wilson's home is at Reddick, Fla., but he occupies a responsible position with the Bohemia Naval Stores Company of Pensacola, which place the happy couple will make their future home. Miss McCarty is descended from the oldest and most highly respected families of LaFayette county and was one of the most popular belles of that country. Their many friends wish them a prosperous and happy married life.

Another Pound Wanted.

It seems to be the general desire of the people of the western section of the city for an additional pound for the impounding of cattle which have made the practice of running [illegible] upon the streets in that section.

Marshal Arnow stated Wednesday that this pound was almost a necessity, if no is required to keep the cattle up, as the present pen is [illegible] too far distant to permit of the keeping of cattle from West Gainesville.

Sea Island Cotton.

Savannah, Ga., Sept. 18.—The following prices are based on factors' quotations:

DEBT HIS DOWNFALL

Hounded by Loan Sharks, Man Commits Crime.

SHOCKING PLOT REVEALED

Railroad Clerk Charged with Luring Diamond Broker to a Room and There Attempting to Kill and Rob Him.

Chicago, Sept. 17.—John W. Miller, a railroad clerk, who was arrested Saturday night on the charge of attempting to kill and rob Edgar M. Crumb, a diamond broker, confessed the crime to the police Sunday.

Desperation, caused by the hounding of a horde of loan sharks, was given by Miller as the reason for the crime.

In his written statement of the manner in which he lured Crum in the flat for the deliberate purpose of attacking and robbing him, Miller, who is a slim, delicate man, 26 years old, revealed one of the most shocking plots that the police have dealt with for years.

Miller beat the diamond broker over the head not only with a stove poker, which broke in three pieces by the force of the blows, but with a meat cutter.

Crumb is lying near death at a hospital as a result of the terrible beating he received.

Miller said that for a year loan sharks had threatened him and swallowed up his salary and cost him one good position. His wife, he said, was a good, saving, thrifty girl, but he drank and gambled and lived far beyond his salary. An original loan of $50 increased to notes of $400. The interest was ten percent a month and he had to borrow from one man to pay interest on the first debt to another man. Thus the little cloud grew blacker and blacker until it threatened to ruin his whole life and drive him from home.

With some it would have been suicide, but Miller began to plot to get money in some easier way than borrowing it. Finally, he answered an advertisement inserted in a newspaper by Crumb who desired to dispose of some diamonds. Crumb went to Miller's apartments to sell the gems and the attack followed.

AN ERROR OF JUSTICE.

Man Served 13 Years in Prison for a Crime He Did Not Commit.

San Francisco, Calif., Sept. 17.—After having served thirteen years in San Quentin penitentiary, it developed Sunday that William Evans, one of the convicts, is an innocent man.

Proof positive that he did not commit the crime for which he was sentenced is now in the hands of the proper authorities. The judge who passed the sentence declaring Evans is innocent, the man who prosecuted him made a deathbed statement that he was innocent, and in a short time Evans will be allowed to leave the penitentiary.

Evans was convicted in Amador county of burglary and sentenced to life imprisonment.

No Change in Ambassadorship.

Berlin, Sept. 17.—The German foreign office, taking cognizance of the renewal of the reports that the German ambassador at Washington, Baron Speck von Sternberg, is shortly to retire, has authorized the statement that Emperor William and Chancellor Von Buelow have the fullest confidence in the ambassador and desire him to remain at Washington so long as he desires to do so, and that no change in the ambassadorship has been considered.

America Buys Welch Coal.

London, Sept. 17.—The United States navy department has, according to a dispatch from Cardiff, Wales, to a news agency here, contracted with the Welsh firms for one hundred thousand tons of the best steam coal and the delivery to extend over 1908. The price agreed upon has been kept secret.

She Found Relief.

If you are troubled with liver complaint and have not received help read this. Mrs. Mary E. Hammond, Moody, Texas: "I was in poor health—with liver trouble—for over a year. Doctors did me no good and I tried Herbine, and three bottles cured me. I can't say too much for Herbine, as it is a wonderful liver medicine. I always have it in the house. Publish where you wish." Sold by W. M. Johnson

TO BE STRONG
TO BE LIBERAL
TO BE PROMPT

To serve its depositors well and truly, holding their interests identical with its own; to grant as generous terms as are consistent with sound banking, to welcome the small account as cordially as the large one; to be satisfied with small margins of profit in its business transactions, and to give its customers a fair measure of its success, is the policy of

THE GAINESVILLE NATIONAL BANK

"ON THE CORNER."

FLORIDA DAY AT JAMESTOWN.

Governor Broward and Staff Will Be There.

Hundreds of citizens of Florida, the land of flowers, will visit the Jamestown Exposition on the 24th, 25th and 26th of September to celebrate the Florida State Day and the special days of several Florida cities. On the 24th the cities of Tampa and Ocala will celebrate; the 25th is Florida State Day, and the 26th is Jacksonville and St. Augustine Day. The railroads have made exceedingly low rates for the occasion and large crowds are expected to attend, as great interest in the various celebrations is manifest.

Gov. Broward and staff, and many other Florida citizens will attend.

The program for Florida Day includes addresses of welcome by President Tucker and Governor Swanson, and responses by Governor Broward and other prominent citizens of Florida. This part of the program will be held in the auditorium, beginning at 11 o'clock in the morning. At 5 o'clock in the afternoon there will be a review of military troops by Governor Broward, Gov. Swanson, President Tucker and others. From 8:30 to 11 o'clock there will be a reception in the Virginia building by the Florida State Commission to Governor Broward.

Special fireworks, illuminations and War-Path attractions will be features of Florida Day.

There will probably be several companies of the Florida State Militia in camp at the Exposition at this time, and these will participate in the exercises of the celebration.

Florida has no State building, but her resources are advertised to a considerable extent in the department of railway exhibits in the States Exhibits Palace and the Mines and Metallurgy Building.

Many of the Florida visitors will go to the Exposition several days in advance of Florida Day, in order to be present at the celebration of Robert Fulton's Memorial Day, September 23rd, when one of the grandest displays of vessels of every kind will be made and speakers of National fame will deliver addresses.

Tickets for the above occasion will be on sale September 23rd and 24th, by the Atlantic Coast Line, operating through Pullman cars from Jacksonville. Special rate of $14.05 round trip, good in Pullman cars with final limit of ten days.

See that your tickets read Atlantic Coast Line. For further information address Frank C. Boylston, District Passenger Agent, Jacksonville, Fla.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonals.

Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by all druggistss. 75c.

Take Hall's Family Pills for constipation.

NEGRO RAN AMUCK.

Gripped by Blood Mania He Uses His Pistol in Crowded Street.

Chester, Pa., Sept. 17.—William Wells, a negro, Saturday night ran amuck in Market street this city, shot two men, nearly hit several others and was landed in the city hall by the police after a narrow escape from being injured, if not killed, at the hands of an infuriated crowd.

Wells had words with William Allen, another negro, in a restaurant, and both went to the street to fight it out. Wells began shooting and hit Allen three times. Deputy Sheriff Charles Brown, who was passing at the time, received a bullet in the neck. The street was crowded at the time and several men had narrow escapes from being shot.

Wells attempted to escape, but was caught by several men, who started into beating him when the police arrived. They started with him for the city hall, but it was with difficulty that they got through the crowd.

The police drew their clubs and literally had to fight their way to the police station, which they reached with out any serious harm befalling the negro prisoner.

Allen and Brown are in a hospital in a serious condition.

BIG FURNACE SHUTS DOWN.

Adverse Legislation by Georgia Is Rumored as One of the Causes.

Chattanooga, Tenn., Sept. 17.—With the closing of work Saturday night, the Georgia Iron and Coal company which operates the Rising Fawn furnace and a number of other mines in north Georgia and Alabama, indefinitely shut down their plant at Rising Fawn, Ga. E. T. Sayer is the president of the Rising Fawn furnace, with headquarters at Birmingham, Ala.

The output of the furnace was 125 tons of iron per day, and gave employment to 400 men.

Two reports are afloat as to the immediate cause of the shut down, one being the adverse legislation by the last legislature of Georgia against mining operators, and the other attributes the shut down to disagreement among the company's officers.

TAKE HIM, DEAD OR ALIVE.

Posse After Papago Indian Charged With Killing a Mexican.

Tucson, Ariz., Sept. 17.—Sheriff Pacheco, of this county, and Harry Wheeler, captain of the Arizona Rangers, left Tucson Sunday at daybreak at the head of a posse of twelve rangers and deputy sheriffs to effect the capture of Johns, a Papago Indian, who is at Cano Ranchera, an Indian village, 15 miles southeast of Tucson.

Fifteen days ago the Indian killed a Mexican. The sheriff sent a deputy to the Indian village to make the arrest. The deputy found the Indians armed and in a bad humor, and advised him to take Johns. The deputy notified Sheriff Pacheco here of the situation, and the posse has gone to take the Indian dead or alive.

General Robert E. Lee

Was the greatest general the world has ever known. Ballard's Snow Liniment is the greatest Liniment. Quickly cures all pains. It is within the reach of all. T. H. Pointer, Hempstead, Texas, writes: "This is to certify that Ballard's Snow Liniment has been used in my household for years and has been found to be an excellent Liniment for Rheumatic pains. I am never without it." Sold by W. M. Johnson.

CERTIFICATE OF AUTHORITY.

No. 582

Treasury Department, Office of Comptroller of the Currency—Washington, D. C., July 18th, 1907.

Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that THE GAINESVILLE NATIONAL BANK in the City of Gainesville in the County of Alachua and state of Florida has complied with all the provisions of the statutes of the United States required to be complied with before an association shall be authorized to commence the business of banking.

Now, Therefore I, Thomas P. Kane, Deputy and Acting Comptroller of the Currency, do hereby certify that "THE GAINESVILLE NATIONAL BANK" in the City of Gainesville in the County of Alachua and State of Florida is authorized to commence the business of banking as provided in Section Fifty-one Hundred and Sixty-nine of the Revised Statutes of the United States.

In Testimony Whereof witness my hand and seal of office this eighteenth day of July, 1907.

(Seal) T. P. KANE,
Deputy and Acting Comptroller of the Currency.

FAINTED AT VERDICT

Mrs. Ethel Blair Found Guilty of Killing Husband.

IS RECOMMENDED TO MERCY

When Mrs. Blair Heard the Verdict She Fainted—She Had Been Out on Bond Since the Tragedy Occurred Last January.

Columbia, S. C., Sept. 17.—Mrs. Ethel W. Blair, charged with the murder of her husband, M. V. Blair, a conductor on the Columbia, Newberry and Laurens railroad, in January last, has been convicted of manslaughter with a recommendation to mercy.

The crime for which Mrs. Blair has been convicted is punishable by from two to thirty years in the penitentiary. Mrs. Blair, who is about 30 years of age, and the mother of two children, is an unusually handsome woman and stood well in this community.

When Mrs. Blair was brought into the court room there were no visible signs of the ordeal that she has just passed through, but on hearing the verdict she fainted and had to be lifted from the court room floor.

Within an hour after the verdict Mrs. Blair had recovered sufficiently to be taken to the county jail. She had been out on bond since the killing.

Lack og Affnity.

On the 12th of last January McCulley W. Blair, conductor on the road between Columbia and Laurens, was shot to death at his home on Marion street. The fatal wound, it was charged, was inflicted by a beautiful woman—his own wife.

Columbia, whose conscience has been well nigh pricked to death by the sting of numerous sensational homicides, was thoroughly awakened by this great tragedy. At the inquisition made by the coroner there was startling evidence, and the wife of the deceased was placed in arrest. A term of court has intervened, but interest has been none the less flagging, and this tragedy is still fresh in the minds of the people of the state.

Captain Blair was 53 years of age—his wife 30. He was a victim of a terrible disease of the stomach which required constant medical treatment. There was apparently no affinity between the two. The homicide presented many points of interest, not alone from the criminal side, but from the psychological. Evidence submitted shows that Mrs. Blair appreciated the lack of affinity between herself and her husband. Three brothers married three sisters, and two of the others met death by violence.

Sensational Trial.

In the most sensational trial of the year only a day was required. The jury in the case assisted very materially by denying itself of several privileges.

The prosecution produced no evidence to prove the infidelity of the wife, although there were insinuations in the testimony. And on the other hand, the defense's witnesses contradicted nearly everything to which they had testified at the inquest.

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It cures boils and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of *unknown composition* as a substitute for "Golden Medical Discovery," which is a medicine OF KNOWN COMPOSITION, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

"JUST FROM GEORGIA"

F. L. S. in Atlanta Constitution.

Not a Clean Sweep.

The harricane blowed the big tree down,
An' we saw the steeple fall;
An' the airthquake swallowed one-half the town,
But it didn't swaller us all!

The rain come down fer forty days,
Till it hid the pine trees tall;
But we're thinkin' o' singin' a song o' praise—
Fer it didn't drown us all!

"Serious Accident."

"The first serious accident on the new railroad," says a Billville exchange, "occurred at the depot yesterday, when the engine ran into a grocery store and broke up a game of checkers. The merchant who runs the store will get enough damages out of it to fail in business and start over again.

The Old Man's Experience.

"He's the boy after your own heart, isn't he?"

"Not much!" replied the old man. "He's the boy after my own pocketbook!"

"When the Brown Leaves Fall.

Trot out the autumn poems—
For, don't you hear the call?
The same old rhymes will fit 'em:
"When the
Brown
Leaves
Fall!"

Quick, for the hosts are coming;
The poets, one and all,
Are singin' in the season
"When the
Brown
Leaves
Fall!"

From an Author's Journal.

My publisher has announced a fall book of mine, but I hope it won't fall far enough to hurt itself.

One of the critics says that the world will laugh at me, but I've made up my mind to make a dollar out of every laugh.

I never take a morning walk to get up an appetite for breakfast. The walk is generally to find out just where the breakfast is at.

The Jingle We Need.

They have a merry jingle—
The cool September rhymes.
But better is the jingle
Of the dollar and the dimes!

A Georgia editor says: "We pay the highest market price for poetry by the ton, in the winter season, as it comes lots cheaper than stove wood, and some of the poems are warm enough without even putting a match to 'em."

Plain Talk.

Brother Dickey spoke in plain language to his congregation the other day. He said:

"Jordan river is hard ter cross,
But still you got ter swim it;
But you playin' poker wid brimstone chips,
Wid hellfire fer de limit.

"Don't lose any sleep worrying about the heathen across the water," says a Georgia editor. "You'll be lucky if you're keen enough to dodge the howling heathen at home."

Comfort Coming.

Pile the oak logs higher—
Winds of winter race!
Soon you'll hunt the fire
In the old-time fireplace.

The Major's Opinion.

"What will you do when prohibition strikes you?"

"Sir," replied the major, "you can lead a horse to water, but I'll be darned if you can make him drink!"

A Clincher.

"Do you think you will ever publish my poem?" wrote the author to the editor. And the editor replied:

"What have you done to deserve it?"

Billville Office Rules.

We never return rejected articles. We get a dollar a ton for them at the paper mill.

Write on one side of the paper only. When the other side is blank we can figure up our losses on it.

Subscribers who have not received their paper in three weeks or more, should inquire at the sheriff's office, where a reason will probably be given them.

Another Nature-Faker.

"Here are some verses what wuz writ by a young son o' mine," said the old man. "Are they all right?"

"Well," replied the editor, "they rhyme all right, but they are not true to nature."

"You must be mistaken," said the old man. "He writ 'em in the thick woods, with rattlesnakes all around him!"

Just About.

"Poets look like business men nowadays."

"Yes; some of 'em make enough to have their hair cut."

Sad Truth.

The sweet singer of The Whitsett Courier is growing pessimistic. Hear him:

"Alas! the age is hollow—
It has no heart for song;
They'd rather have a dollar
Than a poem ten yards long!"

FELL TWO HUNDRED FEET.

Yet Man's Injuries Were Declared To Be Superficial.

New York, Sept. 17.—John Schmid of Brooklyn, tumbled two hundred feet down the palisades at Weehawken, N. J., and has only bruises to show for his adventure.

Having failed to find friends, he attempted to climb down the palisades where the hill slopes off gradually. Losing his footing, he rolled down the hill and struck the highway, which at that point is about midway between the bottom and top of the cliff. His physicians at St. Marys hospital in Weehawken decided that his injuries were superficial.

Fatal Accident at Rome.

Rome, Ga., Sept. 17.—Jim Layborn was killed here Saturday night by a trolley car. Layborn was crossing the street, and it is supposed he did not see the car. His body was fearfully mangled. Just before killing Layborn, the car was in a collision with another car, and in the crash several persons were bruised. The car that killed Layborn also killed a cow earlier in the evening.

Matters of General Interest Gathered by Our Reporters.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Tuesday's Daily Sun:

R. G. Rivers of Micanopy was in the city yesterday.

Elias Sapp of Jonesville was trading in the city yesterday.

A. S. Wilkerson of Windsor was trading in the city yesterday.

T. B. Pickett of Newberry was a business visitor to this city yesterday.

M. S. Brown of Newberry was in town yesterday on business of a legal nature.

Vance Winter and Paul C. Dean of Waldo were in the city yesterday on business.

Miss Mary McDonald of Williston spent Saturday in this city on a visit to friends.

Tomie Minson has returned from Cantonk, where he has been on a visit to relatives.

The home of Mrs. Dora M. Wallace, North Pleasant street, is undergoing thorough repair.

Willage Waters has gone to Hickman, where he will spend a few days with his father.

J. F. Owens and daughter, Mrs. Goldman, were in the city from Wacahoota Saturday.

M. T. Waters, a prominent citizen of Bell, was transacting business in this city yesterday.

Guy Minson and Frazier Stokes spent Sunday at Wacahoota as guests of C. M. Smith and family.

R. T. Benham and B. F. Minton of Orange Heights were in town yesterday and made The Sun an agreeable call.

The home of Col. R. C. F. Sanches, East Main street N., is being improved in appearance by a liberal application of paint.

M. Mansfield of Santa Fe was in the city Saturday. Mr. Mansfield is a metal sleeve operator, and is looking for a location.

Mrs. Frank McDavid and children of Monteocha are in the city, guests of Mr. and Mrs. A. E. Wittstock, North Arredondo street.

Mrs. L. T. Roux and daughter, Miss Mary, are spending a few days at South Lake Wier as the guests of the family of Dr. L. Jones.

Mrs. W. A. Haile and baby left yesterday for Philadelphia, where they will visit the family of Al P. Morrow. W. A. Haile went as far as Jacksonville with them.

Friends of Mrs. W. B. Durst and children will be glad to know that they have returned from Augusta and Lyons, Ga., where they have been visiting for the past five weeks.

C. H. Baguley, who is bookkeeper for the Dutton Phosphate Company at Holder, was the guest of his mother, Mrs. Melvina Baguley, and sister, Miss Edith, on Sunday and Monday.

Miss Addie Goode has returned from a visit of several months to relatives and friends in various parts of Kentucky. The many friends of this estimable young lady are delighted to welcome her home.

Friends of C. C. Chitty, who was compelled to undergo a surgical operation at the Odd Fellows' Sanitarium on Saturday, will be glad to learn that his condition is fine, and that he will be out in a few days.

Mr. and Mrs. Henry C. Futch have gone to Tampa, and will make that city their future home. Friends here regret very much to lose them, but trust they will be pleased with the South Florida metropolis.

A letter from Dr J. H. Alderman bears the information that himself and wife are enjoying life on their vacation. Dr. Alderman attended the convention of dentists at Norfolk, leaving Saturday for Washington.

R. C. Small of Hague was in the city Saturday, and among other business had his name enrolled on The Sun's subscription list. Mr. Small is one of the most widely known citizens of that section of the county.

Mrs. A. M. Dennis and daughter, Miss Hattie, left yesterday for Jacksonville, from whence they will go via Clyde Line to New York, their final destination being Duxbury, Mass., where they will spend a few weeks with friends.

The old Watts home, West Church street, recently purchased by A. E. Wittstock, is now receiving the finishing touches in the matter or repair, and when completed will make one of the most ideal cottages in that section of the city.

A. M. Pournell, for many years one of the most highly respected residents of Gainesville but now a citizen of Quitman, Ga., was crossing palms with his old friends here yesterday. The editor of The Sun was especially glad to see him again and to note that he is enjoying fine best of health.

Mr. and Mrs. W. J. Denby left yesterday for Norfolk, Va., where they will be guests of relatives for the next few weeks. Mr. Denby was born and reared almost on the site of the Jamestown Exposition, hence will feel perfectly at home. It goes without saying that he will thoroughly enjoy his trip.

Judge Syd L. Carter left Sunday for Bronson, where he is engaged as counsel in the case of the Lowmans, charged with the murder of Mr. Phinney at Raleigh a few months ago. This case will be one of the most important to be heard in Levy county for several years, as the parties are well known throughout the county.

Prof. A. W. Blair, professor of chemistry of the University of Florida, left Saturday for Greensboro, N. C., where he will join his wife, who has been at that resort for the past few weeks. Prof. Blair expects to attend the meeting of the Association of Official Agricultural Chemists at Norfolk, which will be held from October 9 to 12, before returning home.

Mrs. J. E. Wainwright and daughter, Miss Julia, left yesterday for Pierson, where they will spend a few days as guests of Mrs. Wainwright's father, C. E. Jones. From Pierson they will go to DeLand, where Miss Julia will enter the music department of the John B. Stetson University. Miss Julia is an exceptionally bright young lady, as was demonstrated in the recent examination for position as teacher, she having made among the highest average for a first grade certificate. Her friends predict a great literary future for her.

From Wednesday's Daily Sun:

G. W. Dyal of Monteocha was in the city yesterday.

Steve Cullen of Hague was trading in the city yesterday.

Mrs. Preston King was in the city yesterday from Williston.

W. A. Snowden of Micanopy was in the city yesterday on business.

E. W. Millican of Waldo was in the city yesterday on important business.

Ira J. Carter of Newberry was among the visitors to Gainesville yesterday.

J. S. Crown and two little daughters of Rocky Point were in the city yesterday.

W. A. Strickland of Paradise was transacting business in Gainesville yesterday.

Mrs. H. L. Beville of Arredondo was in the city on a shopping expedition yesterday.

Miss Ola Brown of Valdosta has arrived in the city and will enter Miss Tebeau's school.

J. B. Kennard and V. H. Bell of Waldo were in the city yesterday transacting business.

Mr. and Mrs. Royal Cook are rejoicing over the arrival of an eight-pound boy who came Saturday.

Lyman Hall and son, Denver, were in the city yesterday from Rochelle. Mr. Hall called at The Sun office.

Mrs. W. S. Lang of Waldo was in the city yesterday. She came to enter her boy, Walter, in Miss Tebeau's school.

W. B. Higdon has returned from New York, Boston and other Eastern cities, where he has been spending his vacation.

We are glad to welcome Dr. E. M. Banks as a citizen of Gainesville. Dr. Banks will occupy a chair in the State University.

Mrs. J. V. Burke returned to her home at Jacksonville yesterday, after a pleasant visit to her daughter, Mrs. J. R. Merchant.

Rev. C. C. Cecil, who has been residing in the city for the past two years, left yesterday for Sutherland, where he will make his future home.

Miss Maude Fielding, cashier at The S. J. Thomas Hardware and Seed store, left yesterday for Waldo, where she will visit her parents for a few days.

W. S. Green, who has been employed by Benson & Son for the past several months, left yesterday for Jacksonville, where he will make his future home.

Jeff Parker of LaCrosse was in the city yesterday. Mr. Parker has just received a present in the way of two little girls and a boy. The three are not quite one week old.

L. W. Jackson, manager of the Singer Sewing Machine Company in this city, has just built him a nice home in North Gainesville. He will occupy the same in a few days.

Hunter & Oliver, who have been conducting a strictly sale stable, have purchased the livery stables of C. M. Dell and will in the future conduct a high-class livery, feed and sale stable.

Mrs. Mattie Brown has rented the Tremont House and proposes to conduct an up-to-date house. She will be glad to have any of her friends stop with her when they are in Gainesville.

W. A. Weems arrived in the city yesterday and will relieve Ticket Agent J. A. Goodwin of the Atlantic Coast Line for the next two weeks. Mr. Goodwin and wife will spend his vacation in Georgia.

Elmer McCreary left yesterday for Bedford City, Va., where he will reenter the Randolph-Macon Academy for the coming term. His mother accompanied him as far as Jacksonville, where she went to consult an oculist.

Mrs. Dr. J. H. Colson and daughter, Lucile, have returned from a visit of several weeks to the former's parents in Savannah. They were accompanied on their return by Mrs. Mabel LaFar and baby, who will spend a few days here.

Captain W. D. Dickinson and wife expect to leave today for Cedar Key, where they will enjoy the salt air for several days. Captain Dickinson has been kept very close in his office for some time and feels the need of a rest.

The Young Men's Bible Class of the Methodist church have organized a Baraca club with R. V. Ott, president; Chas. Nixon, secretary; W. T. Pound, Treasurer and Joe Hayes, press reporter. W. M. Pepper has been elected teacher.

Mr. and Mrs. Charles McKinney announce the marriage of their daughter, Miss Della, to Mr. J. G. Millican, Wednesday, September 25th, at their home in Graham. The friends of this popular young couple extend congratulations in advance.

PHIFER BROS.,

Phifer's Corner., Gainesville, Fla.

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. J. W. McCollum & Co.

T. W. Shands, president of the Gainesville National Bank, left yesterday for Jacksonville, where he will meet his wife and children, who have been spending the summer in Hendersonville. Friends of Mrs. Shands will be glad to learn that she has been much improved in health.

The friends of Miss Katie White of Maple street, Takoma Park, were entertained at the home of Mr. and Mrs. Fred Wiltberger, at Terra Cotta, last evening. The party was given in honor of and as a farewell to Miss White, as she will leave Takoma for Florida the latter part of this month. A pleasing musical program was given by Mrs. Jones and Byron Blodgett. Miss White also entertained the company with some recitations, and later a supper.—Washington Star. [Miss White is the daughter of Geo. White, foreman of the book-binding department of the Pepper Publishing Co., and will be welcomed to her new home in our city.]

From Thursday's Daily Sun:

Isaac Wilkinson of Rochelle spent yesterday trading in the city.

W. B. Ellis of Cedar Key spent yesterday with friends in this city.

W. O. Colson of Jennings Lake spent yesterday with relatives in this city.

Mr. and Mrs. T. J. Swearingen left yesterday for a brief visit to Jacksonville.

Harry McDonald of High Springs was among those who spent yesterday in this city.

J. C. Kidd, a progressive farmer of Judson, was a visitor to friends in Gainesville yesterday.

George Taylor of Palmer and Monroe Venable of Archer were business visitors to the county metropolis yesterday.

O. G. Barker, postmaster and merchant of Lottieville, was transacting business with the United States land office yesterday.

Mrs. L. A. Jernigan left yesterday for Live Oak, where she was summoned on account of the illness of her daughter, Mrs. Phillip Wind.

N. J. Hall of Orange Heights, one of The Sun's appreciated friends, was in the city yesterday. He did not forget to pay his respects to this office.

Dr. L. Montgomery of Micanopy passed through the city yesterday en route to the Jamestown Exposition, Richmond, Washington and Baltimore.

Mrs. Frank McDavid and children have returned to their home at Monteocha, after a pleasant visit to Mr. and Mrs. A. E. Wittstock in this city.

Cabbage plants ready October 1st; 500,000 Jersey Wakefield, Flat Dutch and Early Summer; price $1.25 per 1,000. T. K. Godbey & Son, Waldo, Fla

Mr. and Mrs. J. A. Goodwin left yesterday for Greensboro, Ga., the former's old home, where they will spend a few weeks as guests of relatives.

Frank McDavid of Monteocha, one of the progressive farmers and merchants of that section of the county, was transacting business in this city yesterday.

Miss Minna Hampton, who spent the summer delightfully in New York State, is again at home. En route she stopped a few days to visit friends at Fernandina.

R. B. Sanders of Jennings Lake, evangelist of the Church of Christ, will leave on the 21st inst. for Bowling Green, Ky., where he will enter the Potter Bible College.

E. L. Maddock of Palatka and C. B. Maddock of New York are in the city, the former having come on a most important mission, mention of which will be made in due time.

S. J. Thomas returned yesterday from an extended visit to Colorado. En route home he included North Carolina in his itinerary, Mrs. Thomas being in that State now.

M. A. Walls of Newberry, one of the clever and efficient employes of the Cummer Lumber Company, was in the city yesterday. He was en route home from Dothan, Ala., where he has been on a business trip.

Have your stationery printed at The Sun office. First-class work promptly delivered at reasonable prices is our motto.

C. C. Cagle and family, who have been residing at 308 East University street, have moved to the cottage at 203 North Oak avenue, where they are at home to their friends.

Subscribers on rural free delivery routes can send in their subscriptions by the mail carriers. Persons who desire The Sun on such routes can also send money by the carriers.

Mrs. T. W. Shands and children have returned from North Carolina, where they spent the summer. They were joined en route home by Mr. Shands, who went to Jacksonville to meet them.

A card received from Chas. Fisher, who has been on an extended trip through the North and East, stating as far as Canada, states that he is now in New York City and that he is enjoying the outing immensely.

Dr. W. M. Johnson returned last night from a visit to Wilson, N. C., the Jamestown Exposition, Baltimore and Philadelphia. Mrs. Johnson will remain at Wilson, her former home, for a visit to her parents and friends for the next few days.

For Sale—Three pair fine mules, 1250 to 1400 pounds, five to six years old; acclimated, and guaranteed in every respect. Also, some good driving and work horses for sale. Address George Francis Transfer Company, Jacksonville, Fla.

Captain A. Paul, who is spending his vacation at his old home in Duluth, Minn., writes friends in this city that the weather in Minnesota is delightful at this time. The thermometer registers on an average of 55 degrees, and upon several occasions he has found an overcoat conducive to comfort.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. J. W. McCollum & Co.

E. E. Cannon and son, Finley, have returned from a visit to New York and Jamestown. Master Finley has been absent since early June, spending the greater part of his time on the St. Lawrence river. Mrs. Cannon is still in New York, where she is a guest of friends. She expects to return home in a couple of weeks.

Mrs. Dr. J. C. Wills and children arrived in the city from Starke yesterday, and will make this their future home. Dr. Wills, whose office will be in the new Graham building, has rented the residence recently vacated by Mr. and Mrs. Stringfellow, on West Mechanic street, where they will be pleasantly located in a day or two.

Miss Susie Fisher of North Carolina departed Wednesday for Baton Rouge, La., where she will remain with her brother, James, who is convalescing from a severe attack of typhoid until he recovers sufficiently to return home. Before returning to Gainesville, however, Miss Fisher and mother expect to stop at Manistee, Mich., where their father and an elder brother are employed in doing bridge work on a large sawmill in course of construction there.

Death of an Infant.

The infant son of Mr. and Mrs. William Goolsby died on Tuesday at the home of Mrs. Goolsby's brother, Jerry Shaw, in this city.

The interment was held at Antioch cemetery Wednesday.

Friends of Mr. and Mrs. Goolsby deeply sympathize with them in their bereavement.
